Fiscal Year 1986

Administrator
General Services Administration
Washington, DC 20405

June 24, 1987

Dear Mr. President:

I am submitting the Fifteenth Annual Report on Federal Advisory Committees for your consideration and transmittal to the Congress. This report reflects further changes instituted by the General Services Administration in cooperation with the reporting Federal agencies which provide the information upon which this report is based.

The Fifteenth Annual Report outlines the status of, and activities undertaken by, advisory committees during fiscal year 1986. It provides the basis for informing the Congress and the public with respect to the number, authority, and purpose of advisory committees; their locations within the Executive Branch; and the costs necessary for their expenses. During 1986, 24,600 individuals served on 997 committees which provided advice and recommendations to 56 departments and agencies. Of these committees, 49 directly advised the President. Total reported costs to operate advisory committees were \$82,579,858; 3,519 meetings were held; and 666 reports were issued.

This report has been prepared in accordance with Section 2 of Executive Order No. 12024 to fulfill the requirements of Section 6(c) of the Federal Advisory Committee Act, as amended (Public Law 92-463, 5 U.S.C., App.).

Respectfully,

A handwritten signature in cursive script that reads "T.C. Golden".

Fifteenth Annual Report of the President on Federal Advisory Committees

The *Fifteenth Annual Report of the President on Federal Advisory Committees, Fiscal Year 1986* has been prepared in accordance with Section 2 of Executive Order 12024 and Section 6(c) of the Federal Advisory Committee Act, as amended (Public Law 92-463, 5 U.S.C., App.).

This report is a summary of the information furnished by Federal agencies, which is forwarded separately to the Congress. It is designed to provide an overview of the extent to which advisory committees are being established and utilized by the Government to provide advice on the design and implementation of a wide array of Federal policies and programs. In addition, the report contains information on trends in advisory committee activities, costs, and membership. This information may be used as a basis for improving the management of Federal advisory committees, developing more effective committee activities, and strengthening accountability for the attainment of committee objectives.

Role of Federal Advisory Committees

Advisory committees play an important role in assuring that Federal officials have access to information and advice on a broad range of issues affecting Government policies and programs. Through committee activities, Federal departments and agencies are able to draw upon the knowledge and expertise of the Nation's citizens. The public, in return, is afforded an opportunity to participate

actively in the Government's decisionmaking process.

Through enactment of the Federal Advisory Committee Act (FACA) of 1972, the Congress formally recognized the merits of seeking out non-Federal sources of information and advice. At the same time, the Congress also sought to ensure that the advice provided by committees be relevant, objective, and open to the public. The formalized process established by the FACA for use by the Executive Branch in establishing and operating advisory committees seeks to achieve these objectives, as well as to provide a basis for continuing oversight of committee activities.

Advisory committees do not normally have operating authority with regard to any Federal agency or program unless so authorized by the Congress or by Presidential directive.

Public Access to Committee Deliberations

Advisory committee activities are important not only to the Government, but also to the public at large. The FACA requires that, with few exceptions, "Each advisory committee meeting shall be open to the public." Federal departments and agencies are required to publish adequate advance notice of planned meetings in the *Federal Register*. Meeting locations and times must be reasonably accessible and convenient.

Subject to the requirements of the Freedom of Information Act, all papers and records generated by Federal advisory committees, including detailed minutes of each meeting, must

be made available for public inspection.

Fiscal Year 1986 Federal Advisory Committee Activities

During fiscal year 1986, 56 Federal departments and agencies sponsored 997 advisory committees, a 2.2-percent decrease compared with the number of advisory committees in existence during fiscal year 1985. A total of 24,600 individuals served as members of committees; 3,519 meetings were held; and 666 reports were issued. For a comparison of fiscal year 1985 and fiscal year 1986 Federal advisory committee activities, see Table I and the Summary Tables beginning on page 9.

Reflecting the diverse interests of their sponsoring agencies, committee activities covered topics from national security to specific fiscal, social and technical issues. Chart I, depicting the distribution of advisory committees by major functional groups, illustrates the wide-ranging areas of interest covered during fiscal year 1986. For example, the largest number of advisory committees, 368, focused upon nonscientific programs. Scientific and technical program advisory committees numbered 245, and Federal grant review activities involved 187 committees.

Trends in Advisory Committee Activities

The total number of committee meetings in fiscal year 1986, 3,519, marked a 10.1-percent decrease compared with the previous year's total of 3,914. The

average number of 3.5 meetings per committee during fiscal year 1986 declined slightly compared with the fiscal year 1985 average of 3.8 meetings per committee.

Meetings per committee ranged from zero to more than 10. Chart II shows a distribution of 189 committees reporting no meetings to 42 committees

reporting more than 10 meetings during the year.

Because some committees hold annual meetings and may schedule them at different times during the calendar year, it is possible that such committees may report holding no, or perhaps only a minimum number of, meetings during the fiscal year. Similarly, many committees

held no meetings as a result of termination early, or establishment late, in the fiscal year.

Coordination of Committee Activities

With approximately 1,000 advisory committees in existence at any one time, special attention is required to ensure compliance

with the FACIA, the Freedom of Information Act, and related regulations, as well as to encourage effective and efficient use of committee resources.

While Executive Branch departments and agencies are responsible for continually reviewing committee performance in these areas, the General Services Administration (GSA) has been designated by the President to monitor committee activities Governmentwide. As part of this responsibility, GSA conducts annual reviews of committee activities and accomplishments, responds to agency inquiries regarding the establishment of new committees or the renewal of existing ones, and prepares this *Annual Report* covering committee activities. Together, GSA and the Federal community work toward eliminating the overlap or duplication of

committees, terminating unnecessary or inactive committees, and developing committee management regulations and guidelines which are responsive to the requirements of the Executive Branch and the Congress.

Table II and Table III show the status of Federal advisory committees recommended for termination during fiscal year 1986 and those proposed for termination during fiscal year 1987.

Fiscal Year 1986 Federal Advisory Committee Costs

Federal departments and agencies reported spending a total of \$82,579,858 to operate advisory committees in fiscal year 1986. These costs included compensation of committee members, reimbursement for travel and per diem expenses,

Federal member and staff support costs, consulting fees, and administrative overhead (Table IV).

Approximately 44.8 percent of all costs associated with supporting advisory committees during fiscal year 1986 were the result of indirect expenditures for Federal staff support. Agencies typically assign full-time employees to assist, monitor, and guide the activities of their advisory committees.

Numerous other committee costs, however, involve direct outlays by agencies. For example, Federal agencies spent \$11,881,669 in fiscal year 1986 to cover travel and per diem expenses for non-Federal committee members.

Compared with fiscal year 1985 expenses of \$77,552,206, the fiscal year 1986 advisory committee total cost reflects a 6.5-percent increase in re-

Advisory Committee Members

Federal advisory committee members are drawn from nearly every occupational group and geographical section of the United States, as well as from U.S. possessions and some foreign nations.

The FACA requires that

committee memberships be "fairly balanced in terms of the points of view represented and the functions to be performed." As a result, members of specific committees tend to possess expertise and vocational skills that parallel the program responsibilities of their sponsoring agencies. In balancing committee memberships, agencies are expected to assure that major, and sometimes strongly opposing, viewpoints

are represented in order to provide a foundation for the development of advice and recommendations which are reasonably fair and comprehensive.

Table V provides data for fiscal year 1986 on the distribution of committee members by selected major occupational groups. Table VI illustrates the distribution of members for the same period by industry group.

Regulations Affecting Federal Advisory Committee Management

During fiscal year 1986, the General Services Administration continued to reexamine various provisions of its interim final rule on Federal advisory commit-

tee management, including those pertaining to the compensation of committee members, size of committees, reporting requirements, and the requirements of FACA relating to subcommittees. (The GSA interim rule is printed in this report as an Appendix.)

GSA has received extensive comments from the Federal community with regard to these

and other issues and will clarify its position based upon these comments during fiscal year 1987.

An Act

86 STAT. 770

To authorize the establishment of a system governing the creation and operation of advisory committees in the executive branch of the Federal Government, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Advisory Committee Act".

Federal Advisory Committee Act.

FINDINGS AND PURPOSES

SEC. 2. (a) The Congress finds that there are numerous committees, boards, commissions, councils, and similar groups which have been established to advise officers and agencies in the executive branch of the Federal Government and that they are frequently a useful and beneficial means of furnishing expert advice, ideas, and diverse opinions to the Federal Government.

(b) The Congress further finds and declares that—

(1) the need for many existing advisory committees has not been adequately reviewed;

(2) new advisory committees should be established only when they are determined to be essential and their number should be kept to the minimum necessary;

(3) advisory committees should be terminated when they are no longer carrying out the purposes for which they were established;

(4) standards and uniform procedures should govern the establishment, operation, administration, and duration of advisory committees;

(5) the Congress and the public should be kept informed with respect to the number, purpose, membership, activities, and cost of advisory committees; and

(6) the function of advisory committees should be advisory only, and that all matters under their consideration should be determined, in accordance with law, by the official, agency, or officer involved.

DEFINITIONS

SEC. 3. For the purpose of this Act—

(1) The term "Director" means the Director of the Office of Management and Budget.

(2) The term "advisory committee" means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof (hereafter in this paragraph referred to as "committee"), which is—

(A) established by statute or reorganization plan, or

(B) established or utilized by the President, or

(C) established or utilized by one or more agencies,

in the interest of obtaining advice or recommendations for the President or one or more agencies or officers of the Federal Government, except that such term excludes (i) the Advisory Commission on Intergovernmental Relations, (ii) the Commission on Government Procurement, and (iii) any committee which is composed wholly of full-time officers or employees of the Federal Government.

(3) The term "agency" has the same meaning as in section 551(1) of title 5, United States Code.

(4) The term "Presidential advisory committee" means an advisory committee which advises the President.

APPLICABILITY

Restrictions. **SEC. 4. (a)** The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

(1) the Central Intelligence Agency; or

(2) the Federal Reserve System.

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

Review. **SEC. 5. (a)** In the exercise of its legislative review function, each standing committee of the Senate and the House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of legislation necessary to carry out the purpose of this subsection.

Outlines. (b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarging the mandate of an existing advisory committee. Any such legislation shall—

(1) contain a clearly defined purpose for the advisory committee;

(2) require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;

(3) contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;

(4) contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and

October 6, 1972

Pub. Law 92-463

86 STAT. 772

(5) contain provisions which will assure that the advisory committee will have adequate staff (either supplied by an agency or employed by it), will be provided adequate quarters, and will have funds available to meet its other necessary expenses.

(c) To the extent they are applicable, the guidelines set out in subsection (b) of this section shall be followed by the President, agency heads, or other Federal officials in creating an advisory committee.

RESPONSIBILITIES OF THE PRESIDENT

SEC. 6. (a) The President may delegate responsibility for evaluating and taking action, where appropriate, with respect to all public recommendations made to him by Presidential advisory committees.

(b) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate shall make a report to the Congress stating either his proposals for action or his reasons for inaction, with respect to the recommendations contained in the public report.

Report to Congress.

(c) The President shall, not later than March 31 of each calendar year (after the year in which this Act is enacted), make an annual report to the Congress on the activities, status, and changes in the composition of advisory committees in existence during the preceding calendar year. The report shall contain the name of every advisory committee, the date of and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, a statement of whether it is an ad hoc or continuing body, the dates of its meetings, the names and occupations of its current members, and the total estimated annual cost to the United States to fund, service, supply, and maintain such committee. Such report shall include a list of those advisory committees abolished by the President, and in the case of advisory committees established by statute, a list of those advisory committees which the President recommends be abolished together with his reasons therefor. The President shall exclude from this report any information which, in his judgment, should be withheld for reasons of national security, and he shall include in such report a statement that such information is excluded.

Annual report to Congress.

RESPONSIBILITIES OF THE DIRECTOR, OFFICE OF MANAGEMENT AND BUDGET

SEC. 7. (a) The Director shall establish and maintain within the Office of Management and Budget a Committee Management Secretariat, which shall be responsible for all matters relating to advisory committees.

(b) The Director shall, immediately after the enactment of this Act, institute a comprehensive review of the activities and responsibilities of each advisory committee to determine—

Review.

(1) whether such committee is carrying out its purpose;

(2) whether, consistent with the provisions of applicable statutes, the responsibilities assigned to it should be revised;

(3) whether it should be merged with other advisory committees; or

(4) whether it should be abolished.

The Director may from time to time request such information as he deems necessary to carry out his functions under this subsection. Upon the completion of the Director's review he shall make recommendations to the President and to either the agency head or the Congress with respect to action he believes should be taken. Thereafter, the Director shall carry out a similar review annually. Agency heads shall cooperate with the Director in making the reviews required by this subsection.

(c) The Director shall prescribe administrative guidelines and management controls applicable to advisory committees, and, to the maximum extent feasible, provide advice, assistance, and guidance to advisory committees to improve their performance. In carrying out his functions under this subsection, the Director shall consider the recommendations of each agency head with respect to means of improving the performance of advisory committees whose duties are related to such agency.

Uniform pay guidelines. (d) (1) The Director, after study and consultation with the Civil Service Commission, shall establish guidelines with respect to uniform fair rates of pay for comparable services of members, staffs, and consultants of advisory committees in a manner which gives appropriate recognition to the responsibilities and qualifications required and other relevant factors. Such regulations shall provide that—

(2) Nothing in this subsection shall prevent—

(A) an individual who (without regard to his service with an advisory committee) is a full-time employee of the United States, or

(B) an individual who immediately before his service with an advisory committee was such an employee, from receiving compensation at the rate at which he otherwise would be compensated (or was compensated) as a full-time employee of the United States.

Expense recommendations. (e) The Director shall include in budget recommendations a summary of the amounts he deems necessary for the expenses of advisory committees, including the expenses for publication of reports where appropriate.

RESPONSIBILITIES OF AGENCY HEADS

SEC. 8. (a) Each agency head shall establish uniform administrative guidelines and management controls for advisory committees established by that agency, which shall be consistent with directives of the Director under section 7 and section 10. Each agency shall maintain systematic information on the nature, functions, and operations of each advisory committee within its jurisdiction.

Advisory Committee Management Control Officer, designation. (b) The head of each agency which has an advisory committee shall designate an Advisory Committee Management Officer who shall—

AGENCY: National Archives and Records Service, General Services Administration.

ACTION: Interim rule, with comments invited prior to final rulemaking.

SUMMARY: This interim rule provides administrative and interpretive guidelines and management controls for Federal agencies concerning the implementation of the Federal Advisory Committee Act, as amended (5 U.S.C. App. I) (hereinafter "the Act"). In a previous issue of the *Federal Register*, GSA published a proposed rule on the management of Federal advisory committees and requested comments. The proposed rule was intended to provide Federal agencies with guidance and instructions for implementing the Act. Comments received have been considered in formulating this interim rule, which also has been reorganized to include new policy guidance to Federal agencies. Comments are invited on this interim rule prior to its publication as a final rule.

DATES: Effective date: April 28, 1983. Comments must be received by: July 27, 1983.

ADDRESS: Comments should be submitted to the Special Assistant to the Archivist (NX), National Archives and Records Service, Washington, DC 20408, Attention: FPMR Comments.

Comments will be available for examination at the Committee Management Secretariat, Room G-5, 9th Street and Pennsylvania Ave., NW., Washington, DC.

SUPPLEMENTARY INFORMATION:

Background

GSA's authority for administering the Act is contained in section 7 of the Act and Executive Order 12024, (42 FR 61445, 3 CFR, 1977 Comp., p. 158). Under Executive Order 12024, the President delegated to the Administrator of General Services all the functions vested in the President by the Act, as amended, except that of reporting annually to the Congress, and redelegated to the Administrator the

responsibility for the preparation of the annual report required by section 6(c) of the Act.

Originally, the responsibility for all matters relating to advisory committees was placed in the Office of Management and Budget (OMB), which issued Circular A-63 (March 27, 1974) and A-63 Transmittal Memoranda 1, 4, and 5.

In light of GSA's experience in administering the Act, GSA is issuing this interim rule, which consolidates many features of these OMB Circulars with existing GSA reporting requirements. The rule also provides additional procedures and guidance for Federal agencies.

Prior Comments

GSA issued an advance notice of proposed rulemaking (44 FR 66852, November 21, 1979) and a notice of proposed rulemaking (45 FR 55709; August 21, 1980). As a result of the proposed rule, 23 comments were received, and all have been carefully considered in developing this interim rule.

One of the major issues raised by commenters was the extent of applicability of the Act. Some commenters believe, as a matter of general policy, that advisory groups which are not formally structured, which do not have a continuing existence, which meet to deal with specific issues, and whose meetings do not constitute an established pattern of conduct should not be covered under the Act. One commenter asserted that the case law does not preclude administrative interpretation of the Act in limiting the definition of "Advisory committee" and also limiting coverage of "ad hoc groups." Another commenter favored a specific exemption for "ad hoc groups," based on *Marblestone*, (The Coverage of the Federal Advisory Committee Act, 35 Federal Bar Journal, 119). These comments were received before the decision in *National Resources Defense Council v. Edwards*, 2 GDS ¶ 82,070 (D.D.C., 1981). This rule reflects our judgment that the exclusion of certain non-recurring meetings from the Act's coverage is fully consistent with the statute, its legislative history, and judicial interpretation. The need for this flexibility was recently recognized in *National Anti-Hunger Coalition, et al. v. Executive Committee of the President's Private Sector Survey on Cost Control*, et al., Civil Action No. 82-3592 (D.D.C., Feb. 24, 1983). In wrestling with FACA's imprecise language, the court stated, "The Court's task in the absence of clear indications in the statute or its legislative history to the contrary, must be to achieve a common-sense

interpretation. Congressional concerns must be accommodated in a manner that produces a constitutional result, in this instance to leave the President with substantial freedom to formulate policy recommendations free from excessive intrusion." The interim rule provides guidance on those meetings between Federal officials and non-Federal individuals which do not fall within the scope of the Act, and for which a charter and consultation with GSA is not required.

Another issue raised was whether the Act applies to committees "utilized" by agencies. One commenter contended that the proposed rule failed to distinguish committees "established" by agencies from those "utilized" by agencies. That commenter also believed that the Cox decision (*Center for Auto Safety v. Cox*, 580 F.2d 689 (D.C. Cir., 1978)) would make the Act inapplicable to "utilized" committees. GSA has reviewed the Cox decision and does not agree with that interpretation. Subsequent judicial precedent supports GSA's position. The interim rule does define a "utilized" committee.

In providing guidance on those groups and meetings not subject to FACA, and on utilization, GSA is in general agreement with the following recommendation of the Administrative Conference of the United States.

The most serious problems regarding the coverage of FACA have involved the applicability of the Act (a) to groups convened by agencies, on an ad hoc basis, without formal organization or structure or continuing existence, to obtain views on particular matters of immediate concern to the agency, and (b) to privately established groups whose advice is "utilized" by an agency.

a. Uncertainty as to the applicability of FACA to one-time or occasional meetings between ad hoc groups and government officials has tended to discourage useful contacts with the private sector. It is impractical to require such meetings to conform with the Act's requirements regarding chartering, advance notice, and structure of the committee. The Administrative Conference believes that the Act is not applicable to ad hoc, unstructured, noncontinuing groups and that GSA's guidelines should make this clear. Coverage of such groups would not further the purposes of the Act.

b. The conference believes that the definition of "advisory committee" is limited to committees either established by government action or affirmatively supported and "utilized" by the government through institutional arrangements which amount to the adoption of the groups as a preferred source of advice. GSA's guidelines should make this clear.

Thus, under the interim rule, the President or Federal official would "utilize" a committee when that individual recognizes, uses, or intends to use the committee as a preferred source of advice on specific, identified government policy within that individual's scope of responsibility. Such committees, although they may be informal, have an organizational structure, a stable membership and, generally, a continuing existence. They meet to present recommendations developed by that committee, as distinguished from meetings whose attendees respond as individuals.

While this interim rule provides guidance and examples of meetings with groups of individuals which are not subject to the Act, agencies are cautioned that the group can become subject to the Act if a pattern or "track record" develops whereby an agency seeks advice from the group in such a way that it becomes a preferred source of advice.

Questions were raised as to when all the requirements of the Act apply to subcommittees. One commenter suggested a clarification of the definition of subcommittee, so that the establishment of subcommittees is not used to circumvent the principles of the Act.

Another commenter, however, suggested that a subcommittee is not required to consult and charter separately if it has functions related to the functions of the parent committee, and reports to the parent committee. The Court's reasoning in *National Anti-Hunger Coalition v. Executive Committee* supports the latter recommendation by emphasizing that the Act's requirements apply to committees which provide advice and recommendations directly to the President or Federal official, and as opposed to the parent committee. Therefore, the requirements for consultation and chartering of subcommittees which appear in § 101-6.1007(a)(3) apply when a subcommittee functions independently of the parent committee such as reporting directly to the President or agency official rather than to the parent committee.

Another commenter, on behalf of a consortium of State and local interest groups, requested an administrative exemption from FACA coverage for State and local officials and their representatives. Although this comment has merit, GSA has concluded this exemption would require amendment of the Act.

One commenter suggests that there be a definition of "meeting" so it would be clear when an agency must comply with

procedures under the Act. It is GSA's position that informal meetings or gatherings of advisory committee members in which substantive committee business is discussed are subject to the provisions of the Act. GSA recognizes the administrative difficulty in this area and has concluded that the sponsoring agency can best determine whether a specific gathering of advisory committee members constitutes an advisory committee meeting. GSA believes, however, that meetings of two or more advisory committee members convened to gather information or conduct research for the committee to analyze relevant issues and facts, or to draft option papers for consideration by the advisory committee do not constitute a meeting of the advisory committee subject to the requirements of the Act, *National Anti-Hunger Coalition v. Executive Committee*, supra.

Several commenters raised questions as to GSA's role in the establishment of advisory committees. Some commenters objected to the requirement for GSA concurrence before an agency head can establish, use, or renew an advisory committee under general agency authority.

We recognize the sensitive nature of this particular issue, that is, the role to be played by GSA in the establishment of an advisory committee. GSA is fully aware that an agency head, not GSA, "determines as a matter of formal record" (after consultation with the Administrator) that the establishment of an advisory committee is "in the public interest in connection with the performance of duties imposed on that agency by law."

However, GSA is responsible for "all matters relating to advisory committees" (5 U.S.C. App. I) and a meaningful rather than a *pro forma* consultation role is necessary to fulfill this responsibility. This conclusion is reinforced by the language in sec. 9(a)(2) of FACA, which provides that an advisory committee cannot be established until the consultation process has taken place. In the absence of specific direction in either FACA or its legislative history as to what precisely is meant by the word "consultation," it is incumbent on GSA to determine the parameters of this process.

We have concluded to follow the consultative process as it has been performed, in the beginning by OMB and then by GSA. GSA will, therefore, continue the practice of giving notification of "concurrence/nonconcurrence" in consultations received from agencies.

We do not view or interpret the words "concur/nonconcur" as implying a veto power by GSA over a determination which properly rests in the head of another agency. Rather, we interpret the word "concur" as meaning that GSA agrees the establishment of a particular committee is in accord with the terms and spirit of FACA. Conversely, a nonconcurrence would indicate GSA's opinion that the establishment of a committee is not in accord with FACA.

GSA also believes that its notification of "concurrence/nonconcurrence" to an agency head is a logical way to complete the consultation process. Such notification is GSA's means of letting the agency head know that the consultation process has been fulfilled.

In the final analysis, a nonconcurrence by GSA would not legally prevent an agency from establishing a particular committee. However, GSA in discharging its oversight function of advisory committees intends to prepare and submit periodic reports to the President, OMB, and the Congress. Our nonconcurrence in any advisory committee, therefore, would be included in these reports.

GSA also intends to watch for situations in which agencies might redefine or restructure advisory committees in such a way as to exclude them from the Act's coverage and requirements. GSA will analyze these situations to determine if an agency is elevating form over substance to disguise an advisory committee which should comply with the Act. If this is the case, GSA will recommend that such groups are chartered and operate in accordance with the Act. In situations where GSA and the sponsoring agency cannot resolve the matter, GSA will identify in future reports the groups for which a charter has been recommended and no action has been taken.

Other commenters suggest that if GSA had not replied to an agency consultation letter by the end of a specific review period, GSA concurrence would be implied. We have not included this suggestion in this rule on the grounds that it is not practical. When GSA receives an agency consultation letter, it gathers pertinent information to assess the need for the committee. Occasionally, certain information is not available or provided within a specified time period. To allow a committee to come into being without that information would not be in the public interest. This interim rule provides that GSA will respond to an agency consultation letter within 15 days, if possible.

Another commenter raised the question of the role of the OMB budget examiner in the consultation process. The budget examiner's role has been integral to the consultation process since it began. When the function was transferred to GSA, OMB continued to make available the assistance of budget examiners in the consultation process.

Several commenters objected to language requiring that agencies maintain complete documentation on their advisory committees in a single location on the basis that such a requirement was administratively excessive and unreasonable. Most of the commenters on this issue suggest that GSA's language follow the language in the Act. GSA agrees and has eased this requirement.

One commenter asked that the regulation prohibit dual and multiple committee memberships in which one person serves on more than one committee in one of more agencies. That commenter believed that such multiple memberships should be discouraged in the interest of providing access by a broader number of citizens to membership on advisory committees. GSA believes that, if necessary, agencies should deal with this issue in their own regulations and procedures.

Some commenters suggested that a definition of "Independent Presidential Advisory Committee" be included in order to make clear which Presidential advisory committees receive administrative support from the Administrator of General Services. GSA agrees with this suggestion and has included a definition of an independent PAC. The duties of the Chairperson of an independent PAC are set out separately.

Several comments were made on the organization of the proposed rule and the clarity of certain terms. For example, some suggestions were offered on alternative language to describe "balanced membership." GSA has attempted to clarify in this interim rule the guidelines for balanced membership. The rule describes balance in terms of specific function to be performed by a particular committee. This is consistent with the language of *National Anti-hunger Coalition v. Executive Committee*, supra.

Additional Instructions

Pursuant to section 7(d) of the Act, the Administrator after study and consultation with the Director, Office of Personnel Management, is to establish guidelines with respect to uniform fair rates of pay for comparable services for members, staffs, and consultants of

advisory committees. The consultation process with OPM has taken place.

Consistent with the intent of Congress and the President to control the costs of administering advisory committees, the interim rule contains a provision which states that unless otherwise required by law, or when necessary to obtain balanced membership or a particular level of technical expertise, no member of an advisory committee shall receive compensation for his or her services. In other words, unless an exception applies, compensation shall be set at zero.

GSA believes that a sufficient number of citizens of all backgrounds and qualifications can be found to provide advice and recommendations to the Federal Government through voluntary service on advisory committees.

The interim rule does provide for the reimbursement of necessary travel expenses and per diem, as well as a mechanism where agencies may engage consultants to serve as members of advisory committees when this is necessary to acquire certain technical expertise or balanced membership that cannot be satisfied solely through the appointment of noncompensated members. However, it is the responsibility of each agency to make a good faith effort to meet its membership requirements on a noncompensated basis. GSA in its oversight responsibility will include membership information in program reports and recommendations which it prepares on Federal advisory committees. The interim regulation contains no changes to present methods used by agencies regarding compensation of consultants or staff under OPM and OMB procedures.

The rules have also been amended to reflect the change in the annual agency reporting requirements from a calendar year to a fiscal year cycle brought about by Pub. L. 97-375.

Executive Order 12291

The General Services Administration has determined that this proposed rule is not a major rule for purposes of Executive Order 12291 of February 17, 1981, because it will not result in an annual effect on the economy of \$100 million or more, will not cause a major increase in costs to consumers or others, and will not have significant adverse effects. The General Services Administration has based all administrative decisions on this proposed rule on adequate information concerning the need for and consequences of this proposed rule. GSA has also determined that the potential benefits to society from this proposed rule far outweigh the potential

costs, has maximized the net benefits, and has chosen the alternative involving the least net cost to society.

Regulatory Flexibility Act

These regulations are not subject to the regulatory flexibility analysis or other requirements of 5 U.S.C. 603 and 604.

Effect on Other Directives

This rule replaces OMB Circular A-63 (March 27, 1974) and A-63 Transmittal Memoranda 1, 4, and 5 which have been rescinded by OMB.

"Agency" has the same meaning as in section 551(1) of Title 5 of the United States Code.

"Committee member" means an individual who serves by appointment on an advisory committee and has the full right and obligation to participate in the activities of the committee, including voting on committee recommendations.

"Independent Presidential advisory committee" means any Presidential advisory committee not assigned by the President, or the President's delegate, or by the Congress in law, to an agency for administrative and other support and for which the Administrator of General Services may provide administrative and other support on a reimbursable basis.

"Presidential advisory committee" means any advisory committee which advised the President. It may be established by the President or by the Congress, or used by the President in the interest of obtaining advice or recommendation for the President.

"Secretariat" means the General Services Administration's Committee Management Secretariat.

"Staff member" means any individual who serves in a support capacity to an advisory committee.

"Utilized" (or used), as referenced in the definition of "Advisory Committee" of this section, means a committee or other group composed in whole or in part of other than full-time officers or employees of the Federal Government with an established existence outside the Federal Government which the President or agency official(s) adopts, such as through institutional

arrangements, as a preferred source from which to obtain advice or recommendations on a specific issue or policy within the scope of his or her responsibilities in the same manner as that individual would obtain advice or recommendations from an established advisory committee.

§ 101-6.1004 What are examples of advisory meetings or groups not covered by the Act or this regulation?

(a) Any committee composed wholly of full-time officers or employees of the Federal Government;

(b) Any advisory committee specifically exempted by an Act of Congress;

(c) Any advisory committee established or utilized by the Central Intelligence Agency;

(d) Any advisory committee established or utilized by the Federal Reserve System;

(e) The Advisory Committee on Intergovernmental Relations;

(f) Any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies;

(g) Any meeting initiated by the President or one or more Federal official for the purpose of obtaining advice or recommendations from one individual;

(h) Except with respect to established advisory committees:

(1) Any meeting with a group initiated by the President or one or more Federal official(s) for the purpose of exchanging facts or information; or

(2) Any meeting initiated by a group with the President or one or more Federal official(s) for the purpose of expressing the group's view, provided that the President or Federal official(s) does not use the group as a preferred source of advice or recommendations;

(i) Any committee which is established to perform primarily operational as opposed to advisory functions, except that such committee may be covered by the Act if it becomes primarily advisory in nature. It is the responsibility of the administering agency to determine whether such a committee is primarily operational. If so, it would not fall under the requirements of the Act and this regulation, but would continue to be regulated under relevant laws, subject to the direction of the President and the review of the appropriate legislative committees; or

(j) Any meeting initiated by a Federal official(s) with more than one individual

for the purpose of obtaining the advice of individual attendees and not for the purpose of utilizing the group to obtain consensus advice or recommendations.

§ 101-6.1005 By what authority may an advisory committee be established?

An advisory committee may be established in one of four ways:

(a) By the President by Executive Order.

(b) By law where the Congress specifically directs the President or an agency to establish it;

(c) By law where the Congress authorizes but does not direct the President or an agency to establish it. In this instance, an agency head shall follow the procedures provided in § 101-6.1007; or

(d) By an agency under general agency authority in Title 5 of the United States Code or under other general agency-authorizing law. In this instance, an agency head shall follow the procedures provided § 101-6.1007.

§ 101-6.1007 How does an agency head establish an advisory committee?

(a) In establishing or using an advisory committee, the head of an agency shall comply with the Act and this subpart, and shall—

(1) Prepare a proposed charter for the committee which includes the information listed in section 9(c) of the Act; and

(2) Submit an original and one copy of a letter to the Administrator proposing to establish or use, reestablish, or renew an advisory committee. The letter shall include the following information:

(i) An explanation of why the committee is essential to the conduct of agency business and in the public interest;

(ii) An explanation of why the committee's functions cannot be performed by the agency, another existing advisory committee, or other means such as a public hearing; and

(iii) A description of the agency's plan to attain balanced membership. For purposes of obtaining balance, agencies shall consider for membership a cross-section of interested persons and groups with demonstrated professional or personal qualifications or experience to contribute to the functions and tasks to be performed. This shall not be construed to limit the participation of any individual where such participation is necessary to obtain divergent points of view that are relevant to the business of the advisory committee. The letter shall be accompanied by two copies of the proposed charter.

(3) The requirements of paragraphs (a)(1) and (a)(2) of this section shall

apply for any subcommittee of a chartered advisory committee, whether its members are drawn in whole or in part from the parent advisory committee, which functions independently of the parent advisory committee such as by making recommendations directly to the agency rather than for consideration by the chartered advisory committee.

(b) The Administrator will review the proposal and notify the agency head of concurrence or nonconcurrence within 15 days of receipt, if possible.

(c) Upon receipt of the Administrator's notification, the agency head shall notify the Administrator in writing that either:

(1) The advisory committee is being established. The filing of the advisory committee charter as specified in § 101-6.1013 shall be considered appropriate written notification in this instance. The agency head shall then comply with the provisions of § 101-6.1009 for an established advisory committee; or

(2) The advisory committee is not being established. In this instance, the agency head shall also advise the Administrator if the agency head intends to take any further action with respect to the proposed advisory committee.

§ 101-6.1009 What responsibilities does an agency head have for an established advisory committee or subcommittee as specified in § 101-6.1007?

(a) The agency head shall:

(1) File the charter as specified in § 101-6.1013;

(2) Issue agency regulations or guidelines as may be necessary to operate and oversee the advisory committee;

(3) File required documents;

(4) Publish required notices in the Federal Register;

(5) Designate a Committee Management Officer for the agency;

(6) Appoint a Designated Federal Official for each advisory committee;

(7) Ensure the opportunity for public participation as required;

(8) Ensure that detailed minutes are kept of each advisory committee meeting;

(9) Ensure that certain rates of pay are justified;

(10) Submit required reports; and

(11) Terminate the advisory committee when appropriate.

(b) The agency head should:

(1) Not later than the initial meeting of an advisory committee, submit to committee members, committee staff, consultants, and appropriate agency management personnel a written statement of the purpose, objectives and

expected accomplishments for the committee.

(2) Solicit in writing or in a formal meeting at least annually the views of the committee members on the effectiveness, activities, and management of the committee, including recommendations for improvement. Comments received should be reviewed by the agency head or senior policy official responsible for the committee to determine whether improvements or corrective action is warranted. Copies of such recommendations should be retained until the committee is terminated or renewed.

(3) Involve key management personnel of the agency whose interests are affected by the committee in committee meetings, including reviewing reports and establishing agendas.

(4) Limit membership on advisory committees to 25 members for committees with an agency-wide mission and 12 members for committees with a more narrowly defined function or specialized area of interest. An agency head may authorize additional members for a committee when the agency head determines that such additional members are necessary to the function of the committee or to achieve balanced membership.

(5) Periodically but not less than annually review the level of agency staff support dedicated to advisory committees to ensure that expenditures are justified in consideration of committee activity and the benefits accruing to the Government.

(6) Monitor the attendance and participation of advisory committee members and consider replacing any member who has missed a substantial number of scheduled committee meetings.

(7) Establish meeting dates and distribute agendas and other meeting materials well in advance.

§ 101-6.1011 What are the responsibilities of the chairperson of an independent Presidential advisory committee?

The Chairperson shall comply with the Act and this regulation and shall—

(a) Determine with the Administrator or his or her delegate the role of the designated Federal Official;

(b) Designate a Committee Management Officer for the committee; and

(c) Fulfill the responsibilities of an agency head as specified in paragraphs (a)(1), (3), (4), (7), (8), and (10) of § 101-6.1009.

§ 101-6.1013 What are the charter filing requirements?

No advisory committee may operate, meet, or take any action until its charter has been filed as follows:

(a) *Advisory committee established, used, reestablished, or renewed by an agency.* The agency head shall file—

(1) The charter with the standing committees of the Senate and of the House of Representatives having legislative jurisdiction of the agency;

(2) A copy with the Secretariat; and

(3) A copy with the Library of Congress, Exchange and Gift Division, Federal Documents Section, Federal Advisory Committee Desk, Washington, DC 20540.

(b) *Advisory committee specifically directed by law or authorized by law.* Procedures are the same as in paragraph (a) of this section.

(c) *Presidential advisory committee.* When either the President or the Congress establishes an advisory committee which advises the President, the responsible agency head or, in the case of an independent Presidential advisory committee, the President's designee, shall file—

(1) The charter with the Secretariat;

(2) A copy with the Library of Congress; and

(3) If specifically directed by law, a copy with the standing committees of the Senate and of the House of Representatives having legislative jurisdiction of the agency or of the independent Presidential advisory committee.

§ 101-6.1015 What advisory committee information must be published in the Federal Register?

(a) *Committee establishment, reestablishment, or renewal.*—(1) A notice in the Federal Register is required when any advisory committee, except a committee directed by law or established by the President, is established, reestablished, or renewed. Upon receiving notification of the completed review and concurrence in the committee from the Administrator, the agency head shall publish a notice in the Federal Register that the committee is being established, reestablished, or renewed, and for a new committee such notice shall also include a statement describing the nature and purpose of the committee and an affirmation that it is necessary and in the public interest.

(2) Establishment and reestablishment notices shall appear at least 15 days before the committee charter is filed, except that the Administrator may approve less than 15 days when requested for good cause by the agency

head. The 15-day notice requirement does not apply to committee renewals.

(b) *Committee meetings.*—(1) The agency head or the chairperson of an independent Presidential advisory committee shall publish at least 15 days prior to an advisory committee meeting a notice in the Federal Register which includes:

(i) The exact name of the advisory committee as chartered;

(ii) The time, date, place, and purpose of the meeting;

(iii) A summary of the agenda; and

(iv) A statement whether all or part of the meeting is open to the public or closed, and if closed, the reasons why, citing the specific exemptions of the Government in the Sunshine Act (5 U.S.C. 552b) as the basis for closure.

(2) In exceptional circumstances, the agency head or chairperson of an independent Presidential advisory committee may give less than 15 days notice, provided that the reasons for doing so are included in the committee meeting notice published in the Federal Register.

§ 101-6.1017 What are the duties of the agency Committee Management Officer?

(a) The Committee Management Officer is designated by the agency head or by the chairperson of an independent Presidential advisory committee and his or her name, agency address, and phone number given to the Secretariat.

(b) The Committee Management Officer shall—

(1) Discharge the responsibilities enumerated in section 8(b) of the Act;

(2) Maintain in a single location a complete set for the charters and membership lists of each of the agency's advisory committees;

(3) Maintain information on the nature, functions, and operations of each of the agency's advisory committees; and

(4) Provide information on how to obtain copies of minutes of meetings and reports of each of the agency's advisory committees.

§ 101-6.1019 What are the duties of the Designated Federal Official?

The agency head, or in the case of an independent Presidential advisory committee, the Administrator, shall designate a full-time Federal employee to be the Designated Federal Official for the advisory committee, who shall—

(a) Attend the meetings;

(b) Adjourn the meetings when he or she determines that adjournment is in the public interest, and

(c) For agency-established advisory committees:

(1) Approve or call the meeting of the advisory committee;

(2) Approve the agenda; and

(3) Chair the meeting when so determined by the agency head.

§ 101-6.1021 How may the public participate in advisory committee meetings?

The agency head, or the chairperson of an independent Presidential advisory committee, shall ensure that—

(a) Each advisory committee meeting is held at a reasonable time and in a place reasonably accessible to the public;

(b) The meeting room size is sufficient to accommodate advisory committee members, committee or agency staff, and interested members of the public;

(c) Any member of the public is permitted to file a written statement with the advisory committee; and

(d) Any member of the public may speak at the advisory committee meeting if the agency's regulations or guidelines so permit.

§ 101-6.1023 What is the procedure for closing an advisory committee meeting?

(a) To close all or part of a meeting, a duly authorized official acting on behalf of the committee shall submit a request to the agency head, or, in the case of an independent Presidential advisory committee, the Administrator or his delegate, at least 30 days prior to the scheduled meeting date, citing the specific provisions of the Government in the Sunshine Act (5 U.S.C. 552b) which justify the closure. The agency head, or, in the case of an independent Presidential advisory committee, the Administrator, may waive the 30-day requirement when a lesser period of time is requested and justified by the duly authorized official or chairperson.

(b) As required by the Government in the Sunshine Act, the general counsel of the agency, or in the case of an independent Presidential advisory committee, the General Services Administration Counsel, shall review all requests to close meetings.

(c) If the agency head, or in the case of an independent Presidential advisory committee, the Administrator or the person to whom such authority is delegated by the agency head or Administrator, determines that the request is consistent with the Government in the Sunshine Act and the Federal Advisory Committee Act, he or she shall issue a determination that all or part of the meeting may be closed.

(d) The agency head, or the chairperson of an independent Presidential advisory committee, shall:

(1) Make a copy of the determination available to the public upon request; and

(2) Publish the meeting notice in the Federal Register, including the reasons why all or part of the meeting is closed, citing the specified exemptions used from the Government in the Sunshine Act.

§ 101-6.1025 Are minutes required at advisory committee meetings?

The agency head or, in the case of an independent Presidential advisory committee, the chairperson, shall ensure that detailed minutes of each advisory committee are kept. The minutes must include—

- (a) Time, date, and place;
- (b) A list of the following persons who were present:
 - (1) Advisory committee members and staff;
 - (2) Agency employees; and
 - (3) Members of the public who present oral or written statements;
- (c) An estimated number of other members of the public present;
- (d) An accurate description of each matter discussed and the resolution, if any, made by the committee of such matter; and
- (e) Copies of each report or other document received or issued by the Committee.

§ 101-6.1027 How are advisory committees terminated?

Any advisory committee shall automatically terminate not later than 2 years after it is established, reestablished, or renewed, unless—

- (a) Its duration is otherwise provided in law;
- (b) It is renewed; or
- (c) The President or agency head terminates it before that time.

§ 101-6.1029 How are advisory committees renewed?

(a) Advisory committees established by the President may be renewed by appropriate action of the President and the filing of a new charter.

(b) Advisory committees specifically directed by law:

- (1) Which terminate under the provisions of section 14 of the Act may be reestablished by an agency head, provided that the agency head complies with the provisions of § 101-6.1007; or
- (2) Whose duration extends beyond 2 years shall require a new charter to be filed every 2 years after the date of enactment of the law establishing the committee. If a new charter is not filed, the committee is not terminated, but may not meet or take any action.

(c) Advisory committees authorized by law or established or used by an agency: At least 30 but not more than 60

days before the committee terminates, an agency head who intends to renew a committee shall comply with the provisions of § 101-6.1007.

§ 101-6.1031 When should an advisory committee charter be amended?

(a) *Committees established by the President or specifically directed by law.* When the President by Executive order or the Congress by law changes the authorizing language which has been the basis for establishing an advisory committee, the agency head or chairperson of an independent Presidential advisory committee shall—

- (1) Amend those sections of the current charter affected by the new Executive order or law; and
- (2) File the amended charter as specified in § 101-6.1013.

(b) *Agency-authorized committees.* The charter of an agency-authorized advisory committee may be amended when an agency head determines that the existing charter no longer accurately reflects the goals or procedures of the committee. Changes may be minor, such as revising the name of the advisory committee, or may be major dealing with the basic objectives or composition of the committee.

(1) To make a minor amendment to a committee charter, an agency head shall:

- (i) Amend the charter language as necessary, and
 - (ii) File the amended charter as specified in § 101-6.1013.
- (2) To make a major amendment to a committee charter, an agency head shall:

- (i) Amend the charter language as necessary,
- (ii) Submit the proposed amended charter with a letter to the Administrator requesting concurrence in the amended language and an explanation of why the changes are essential and in the public interest. The Administrator or his or her delegate will give notice to the agency head of concurrence or nonconcurrence in the request within 15 days of receipt of the request, if possible; and
- (iii) File the amended charter as specified in § 101-6.1013.

(c) *Renewals.* Amending any existing advisory committee charter does not constitute renewal of the committee under § 101-6.1029.

§ 101-6.1033 When should advisory committee members and staff receive compensation and expense reimbursements for committee activities?

(a) *Committee members.* Unless specifically required by law, agencies shall not compensate advisory

committee members for their service on an advisory committee. In the exceptional case where an agency head is unable to meet the need for technical expertise or the requirement for balanced membership solely through the appointment of noncompensated members, the agency head may contract for the services of a specific consultant who may be appointed as a member of the advisory committee. In such a case, the agency head shall follow the procedures set forth in paragraph (b) of this section. This paragraph (a) shall apply to any committee member appointed after May 15, 1983. No committee member shall be compensated other than as allowed in paragraph (b) of this section after September 30, 1983.

(b) *Consultants.* Prior to hiring a consultant to an advisory committee, the agency head must determine that the expertise or viewpoint to be offered by the consultant is not otherwise available without cost to the agency. When an agency head hires a consultant, the compensation may not exceed the maximum rate of pay authorized by 5 U.S.C. 3109. Hiring of consultants shall be in accordance with OMB Circular A-120 and applicable statutes, regulations, and Executive Orders.

(c) *Staff members.* An agency may fix the pay of each advisory committee staff member at a rate of the General Schedule, General Management Schedule, or Senior Executive Service in which the Staff member's position would appropriately be placed (5 U.S.C. Chapter 51). An agency may not fix the pay of a staff member at a rate higher than the daily equivalent of the maximum rate for GS-15, unless the agency head has determined that under the General Schedule, General Management Schedule, or Senior Executive Service classification system, the staff member's position would appropriately be placed at a grade higher than GS-15. This determination must be reviewed annually by the agency head.

(1) In establishing rates of compensation, the agency head shall comply with applicable statutes, regulations, and Executive Orders.

(2) A staff member who is a Federal employee shall serve with the knowledge of the Designated Federal Official and the approval of the employee's direct supervisor. If a non-Federal employee, the staff member shall be appointed in accordance with applicable agency procedures, following consultation with the advisory committee.

(d) *Travel expenses.* Advisory committee members and staff members, while engaged in the performance of their duties away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons employed intermittently in the Government service.

(e) *Special services.* While performing advisory committee duties, an advisory committee member who is blind or deaf or who qualifies as a handicapped individual may be provided services by a personal assistant for handicapped employees if the member—

(1) Qualifies as a handicapped individual as defined by section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 794); and

(2) Does not otherwise qualify for assistance under 5 U.S.C. 3102 by reason of being an employee of an agency.

(f) *Noncompensated services.* Nothing in this section prevents an agency from accepting the noncompensated or reimbursed services of a member, consultant, or staff member of an advisory committee.

(g) *Exclusions.*—(1) Nothing in this section prevents any person who (without regard to his or her service with an advisory committee) is a full-time Federal employee from receiving compensation at the rate at which he or she otherwise would be compensated as a full-time Federal employee.

(2) Nothing in this section prevents any person who immediately before his or her service with an advisory committee was a full-time Federal employee from receiving compensation at the rate at which he or she was compensated as a full-time Federal employee.

(3) Nothing in this section affects a rate of pay or a limitation on a rate of pay that is specifically established by law or a rate of pay established under

the General Schedule classification and pay system in chapter 51 and chapter 53 of title 5, United States Code.

§ 101-6.1035 What reports are required for advisory committees?

GSA will periodically issue instructions to agencies regarding reporting requirements and procedures. Included in those requirements, each agency shall file a report on a fiscal year basis providing requested program, financial, and membership information to GSA. This information shall be used by GSA for preparing program recommendations and status reports on advisory committee matters, and for assisting the President in preparing and submitting a fiscal year report to the Congress. The membership list for each advisory committee shall be updated quarterly with notification furnished to GSA of all new vacancies and appointments during the period.
