

Twenty-Fifth Annual Report of the President on Federal Advisory Committees

Fiscal Year 1996

TO THE CONGRESS OF THE UNITED STATES:

As provided by the Federal Advisory Committee Act (FACA), as amended (Public Law 92-463; 5 U.S.C., App. 2, 6(c)), I am submitting the Twenty-Fifth Annual Report on Federal Advisory Committees, covering fiscal year 1996.

The executive branch continues to implement my policy of maintaining the number of advisory committees within the ceiling of 534 required by Executive Order 12838 of February 10, 1993. As a result, the number of discretionary advisory committees (established under general congressional authorizations) was held to 501, or 37 percent fewer than those 801 committees in existence at the beginning of my Administration. Savings achieved through the elimination of discretionary committees during fiscal year 1996 totalled \$2.5 million.

Through the advisory committee planning process required by Executive Order 12838, departments and agencies have worked to minimize the total number of advisory committees specifically mandated by statute. The 407 such groups supported at the end of fiscal year 1996 represents a modest 7 percent decrease over the 439 in existence at the beginning of my Administration. However, more can be done to assure that the total costs to fund these groups in fiscal year 1997, or \$38.5 million, are dedicated to support high-priority public involvement efforts.

During fiscal year 1996, the General Services Administration (GSA) initiated a process for collaborating with executive departments and agencies to increase public participation opportunities at all levels of American society.

Building upon my Administration's commitment to expand access to Federal decisionmakers, managers at all levels will be provided with more timely guidance that includes enhanced options for achieving objectives, better training, and exposure to a variety of tools and techniques, which when used in conjunction with advisory committees, offer additional flexibility to address a wide variety of public participation needs.

Actions to broaden the scope and effectiveness of public participation within the Federal sector will continue during fiscal year 1997. During the year, GSA will develop newly updated guidance implementing FACA. At the same time, GSA will continue to support and work closely with such agencies as the Council on Environmental Quality and the Departments of Agriculture and the Interior to align its efforts with key Administration policies relating to ecosystem and land management priorities.

My Administration will continue to work with the Congress to assure that all advisory committees that are required by statute are regularly reviewed through the congressional reauthorization process and that remaining committees are instrumental in achieving national interests.

Dear Mr. President:

I am submitting the *Twenty-fifth Annual Report on Federal Advisory Committees* for your consideration and transmittal to the Congress. This report has been prepared in accordance with Section 2 of Executive Order 12024 to fulfill the requirements of Section 6(c) of the Federal Advisory Committee Act (FACA), as amended (Public Law 92-463, 5 U.S.C., App.).

During fiscal year 1996, the General Services Administration (GSA) initiated a process for collaborating with executive departments and agencies to increase public participation opportunities at all levels of American society. Building upon the Administration's commitment to expand citizen access to Federal decisionmakers, managers at all levels will be provided with more timely guidance which includes enhanced options for achieving objectives, better training, and exposure to a variety of tools and techniques which, when used in conjunction with advisory committees, offer more flexibility in addressing a wide variety of public involvement needs.

Actions to broaden the scope and effectiveness of public participation within the Federal sector will continue during fiscal year 1997. During the year, GSA will prepare newly-updated guidance implementing FACA. At the same time, GSA will continue to support and work closely with such agencies as the Council on Environmental Quality and the Departments of Agriculture and the Interior to align our efforts with key Administration policies relating to ecosystem and land management priorities.

Respectfully,

Twenty-Fifth Annual Report of the President on Federal Advisory Committees

The *Twenty-fifth Annual Report of the President on Federal Advisory Committees, Fiscal Year 1996*, has been prepared in accordance with section 2 of Executive Order 12024 and Section 6(c) of the Federal Advisory Committee Act (FACA), as amended (Public Law 92-463, 5 U.S.C., App.).

This report is a summary of information furnished by Federal agencies to the General Services Administration (GSA), which is forwarded separately to the Congress. It is designed to provide an overview of the extent to which advisory committees are used to obtain advice on the design and implementation of a wide array of Federal policies and programs. As an overview of the Executive Branch's use of advisory committees, the report includes data on trends in related activities, costs, and membership. This information may be used to strengthen accountability for the attainment of committee objectives.

GSA's Committee Management Secretariat, mandated by Section 7 of FACA, issues guidelines (41 CFR Part 101-6), provides governmentwide policy and oversight of approximately 1,000 advisory committees; prepares the Annual Report of the President on Federal Advisory Committees; conducts an annual comprehensive review to determine the continuing need for existing groups; and provides a range of assistance to Federal agencies on the Act and public participation and access policies. These activities provide a broad base of information which is made available to the Congress and members of the public who are interested in participating in committee activities or obtaining information.

FACA and Information Policy

More than a quarter century before the enactment of FACA in 1972, the Federal Government began to recognize the important role played by advisory committees in developing effective policies. While the use of citizen-advisors has its roots in the earliest efforts of the Nation's leaders to obtain objective and informed advice, it was not until after the end of World War II that advisory committees became institutionalized as a preferred tool of democratic government.

As the influence and number of advisory committees grew, so did concerns within the Executive and Legislative Branches regarding their management, cost, and accountability. In 1962, President Kennedy issued Executive Order 11007, establishing guidelines for using such groups. These rules were expanded in 1964, with the issuance of the original Bureau of the Budget Circular A-63.

Federal information policy relating to the accessibility of government records was revised in 1966, following the enactment of the Freedom of Information Act (FOIA). In 1972, similar openness policies were applied to the use of advisory

committees through the enactment of FACA. Later in the 1970's, the two remaining cornerstones of Federal access policy, the Privacy Act (1974) and the Government in the Sunshine Act (1976), were enacted by the Congress.

The Administration has also recognized the significant role played by advisory committees and has taken steps to assure they are effectively managed. Through the issuance of Executive Order 12838, President Clinton directed that advisory committees whose missions were no longer supportive of national interests, or whose work resulted in duplication of effort, be terminated.

Advisory committees continue to represent an essential part of Federal efforts to increase public participation. However, they are increasingly being employed at all levels of government within a highly-diversified array of complementary tools and techniques designed to facilitate and encourage greater public-private collaboration. This approach provides greater flexibility to Federal officials who are responsible for obtaining citizen input and, conversely, gives the public a wider menu of choices that meets its needs.

FACA's Information Policy Provisions

While FACA is generally recognized for its emphasis on controlling the number and costs of advisory committees, its provisions governing access to committee meetings and records are equally important. Where FOIA's provisions, for example, apply to pre-existing documents, FACA's goal is to provide contemporaneous access to meetings and materials generated for use by Federal advisory committees during their deliberations.

In particular, Section 10 of the Act provides that each meeting of an advisory committee shall be open to the public, except for those closed or partially-closed pursuant to specific exemptions in the Government in the Sunshine Act; timely notice of each meeting must be published in the *Federal Register*; interested persons may appear, or file statements, before an advisory committee, subject to reasonable operating procedures; documents prepared for or by, or otherwise made available to, an advisory committee, must be accessible for public inspection and copying at a single location, subject to exclusions provided under the FOIA; and minutes of each meeting

must be kept and made available to the public.

These provisions are designed to ensure that the ebb and flow of information to and from an advisory committee is maximized, and that committees are accountable to the public; two of the underlying policy goals contained in FACA.

Executive Order 12838

On February 10, 1993, President Clinton signed Executive Order

12838, directing the elimination of at least one-third of all Federal advisory committees not required by Congress. Noting the growth in the number of unproductive and duplicative commissions during previous Administrations, the President directed the Office of Management and Budget (OMB) to assure the creation of new advisory committees is consistent with national security, health and safety, or other similar national interests.

At the beginning of the Administration, there were 801 "discretionary" Federal advisory committees. During fiscal year 1996, actions were taken to maintain the President's advisory committee limitation of 534. At the end of the reporting period, 501 discretionary committees existed, or 37 percent fewer than the total existing at the beginning of the Administration.

During fiscal year 1996, the Executive Branch supported a total of 530 discretionary advisory committees, including 51 groups which were terminated, with resulting savings of \$2.5 million. In addition, 438 committees required by statute were also supported, at a total cost of \$35.2 million (See Chart I).

Public Participation Guidance

During fiscal year 1996, GSA initiated a process for collaborating with Executive Departments and agencies to increase public participation opportunities at all levels of American society. Building upon the Administration's commitment to expand access to Federal decisionmakers, managers at all levels will be provided with more timely guidance which includes enhanced options for achieving objectives; better training; and, exposure to a variety of tools and techniques which, when used in conjunction with advisory committees, offer additional flexibility to address a wide variety of public participation needs.

Actions to broaden the scope and effectiveness of public participation within the Federal sector will continue during fiscal year 1997. During the year, GSA will prepare newly-updated guidance implementing FACA. At the same time, GSA will continue to support and work closely with such agencies as the Council on Environmental Quality and the Departments of

Agriculture and the Interior, to align its efforts with key Administration policies relating to ecosystem and land management priorities.

Negotiated Rulemaking Advisory Committees

During fiscal year 1996, advisory committees continued to play significant roles in developing major regulatory initiatives. OMB and GSA continued efforts to implement streamlined procedures for establishing committees used to encourage negotiated rulemaking, as outlined in OMB Memorandum M-96-21, dated April 8, 1996. These new procedures reflect an exemption from the limitation on discretionary

advisory committees established by Executive Order 12838, consistent with the Administration's commitment to expand the use of negotiated rulemaking.

In addition, GSA and OMB's Office of Information and Regulatory Affairs (OIRA) worked together to eliminate duplicative administrative procedures related to the review of proposed negotiated rulemaking committees. These improvements will be incorporated into GSA's newly-updated guidance for implementing FACA during fiscal year 1997. Examples of program initiatives which will further benefit from these changes include efforts to promote Native American self-determination, pipeline and railroad safety, and environmental improvements.

Public Access

During fiscal year 1996, 5,008 advisory committee meetings were held. Of that number, 2,629, or 52.5 percent of the total, were open or partially open to the public. However, agencies such as the Departments of Defense, Health and Human Services, and the National Science Foundation must appropriately schedule a significant number of closed meetings. Taken together, the number of such meetings conducted by these three agencies represented 90.2 percent of all closed meetings held during fiscal year 1996 (See Chart II).

Sessions may be closed or partially open to the public based upon provisions of the Government in the Sunshine Act. Examples of meetings which may be closed or partially closed include those involving discussions of classified information; reviews of proprietary data submitted in support of Federal grant applications; and deliberations involving consideration of information subject to protection by the Privacy Act.

The total number of committee meetings held, or 5,008, marked a slight decrease in activity compared with the previous year's total of 5,179. The average number of meetings per committee held during the year was 5.0, reflecting a slight increase over the previous year's average of 4.7.

In addition to holding advisory committee meetings, which are subject to FACA, the Executive Branch is increasing its efforts to make it easier for the public to participate in its decisionmaking processes. For example, satellite

videoconferencing is being used to conduct "national town halls" where the public can readily learn about, and provide feedback on, Federal programs.

The Internet provides greatly expanded access to government documents, as well as information on services. "800" numbers are being made increasingly available to provide recorded or live access to current advisory committee meeting schedules and events. With increasing pressure to reduce operating costs while, at the same time, expanding opportunities for the public to become actively involved, agencies using advisory committees can leverage these complementary tools to boost the availability of information.

Advisory Committee Trends and Activities

During fiscal year 1996, 59 Federal Departments and agencies sponsored 1,000 advisory committees. A total of 29,511 individuals served as

committee members; 5,008 meetings were held; and 1,060 reports were issued. For a comparison of activities during fiscal years 1995 and 1996, see Table I and the Summary Table on page 7.

Reflecting the interests of their sponsoring agencies, advisory committees provided advice and recommendations on numerous issues ranging from national security concerns to specific fiscal, social, and technical matters. Chart III, depicting the distribution of committees by major functional groups, illustrates the wide range of areas covered during the reporting period.

Federal Departments and agencies reported spending a total of \$148.5 million to operate advisory committees during fiscal year 1996. These costs included compensation of committee members, reimbursement for travel and per diem expenses, Federal member and staff support expenditures, consulting fees, and administrative overhead (See Table II).

**Chart IV
Comparison of Nominal Fiscal Year 1996 Costs
And Real Costs Adjusted for Inflation (1972 Dollars)
Fiscal Years 1980-1996 (\$Millions)**

Approximately \$77.9 million, or 52.4 percent of all costs associated with supporting advisory committees during the year, were the result of indirect expenditures for Federal staff support and Federal member participation. Agencies typically assign full-time employees to assist, monitor, and guide the activities of their advisory committees.

A number of other committee costs, however, involve direct outlays by agencies. For example, Federal agencies spent \$28.3 million in fiscal year 1996 to cover travel and per diem expenses for committee members and staff. Travel costs are, however, minimized through Government travel discount programs offered by GSA.

Advisory committee costs are also reduced by terminating unnecessary or inactive groups. During the reporting period, 100 groups were terminated. Another 54 groups have been identified by sponsoring organizations for termination during fiscal year 1997, with associated combined savings of \$7.7 million.

Compared with total expenses of \$157 million during the previous

year, total costs incurred during fiscal year 1996, or 148.5 million reflects a 5.4 percent decrease in resources dedicated for this purpose. This decrease in costs in the operation and maintenance of advisory committees, when adjusted for inflation, continues a trend of more stable committee outlays over time (See Charts IV and V).

The number of advisory committees in existence at the end of fiscal year 1996, or 900, reflects a 5.1 percent decrease below last year's net balance of 948.

Presidential Advisory Committees

During fiscal year 1996, 51 advisory committees, including 28 established by the Congress, directly advised the President. Although they accounted for only 5 percent of the total number of advisory groups in existence during the reporting period, Presidential advisory committees play vital and important roles in the development and implementation of Federal policies and programs. For example, newly-created Presidential committees on *Aviation Safety and Security*, *Bankruptcy Review*, *Bioethics*, *Dietary Supplement Labels*, and *Pacific Trade and Investment Policy* began their assignments.

During the year, GSA continued to make staff available to brief newly appointed Chairpersons of Presidential commissions and their staffs regarding FACA's provisions. The Secretariat also continued to monitor compliance with section 6(b) of FACA providing for follow-up reports relating to public recommendations made by Presidential advisory committees. During the reporting period, 12 Presidential groups issued reports requiring follow-up during fiscal year

1997. For a listing of these advisory committees, see Table III.

Improvement Efforts

During fiscal year 1996, the Committee Management Secretariat in GSA continued to collaborate with the Interagency Committee on Federal Advisory Committee Management in many important areas. The committee serves as an important source of suggestions for improving compliance with the Act.

The Committee also continues to support GSA's delivery of specialized training to a broad range of staff responsible for the management of advisory committees. Representatives of several agencies, including the Departments of Agriculture, Defense, Health and Human Services, Justice, Transportation, and Veterans Affairs, the Environmental Protection Agency, the National Archives and Records Administration, and the Office of Government Ethics served as volunteer course instructors. GSA will continue its interagency partnerships to:

Provide improved means for electronic access to committee management information. The Committee Management Secretariat continues to enhance its participation in the World Wide Web. This resource facilitates the ability of the public and agency personnel to stay abreast of the latest developments affecting the management of advisory committees.

Target Value-Added Training Toward High-Priority Administration Initiatives. Building upon joint ventures undertaken previously to support Presidential

efforts to improve ecosystem management, GSA will co-sponsor additional on-site training opportunities in conjunction with the Council on Environmental Quality.

Monitor the Number of Advisory Committees Required by Statute. The Secretariat will continue to evaluate proposals for new committees contained in legislation. Where possible, GSA will work with the affected agencies and OMB to develop effective alternatives to the establishment of additional statutory groups.

Work With the Department of Justice to Disseminate Timely Information Relating to FACA Court Rulings. GSA will continue its successful partnership with the Department of Justice's (DOJ's) Civil Division to identify needed management improvements based on judicial decisions. DOJ and the Secretariat also will continue to provide training on FACA case law.

Develop Revised FACA Guidance. During fiscal year 1997, GSA will revise its guidance implementing the Act. In addition, GSA will prepare comprehensive information relating to other policies, regulations, statutes, and requirements which impact public participation initiatives. Together, these efforts will result in documents which capture state-of-the-art Executive Branch practices which contribute to successful citizen involvement.

Additional Information

This report includes a summary table of advisory committee data and an alphabetical listing, by agency, of all Federal advisory committees which

existed during all, or part, of the year. As a result of efforts undertaken to comply with Executive Order 12838, recommendations for continuation or termination of each committee have been included. The report also provides the names and telephone and facsimile numbers of the committee management staff in each Department and agency which sponsors advisory committees.

The Appendices to the report include Executive Order 12838; Administration policy documents relating to committee reductions; OMB Circular A-135; the text of the Federal Advisory Committee Act and its amendments; Executive Order 12024; the General Services Administration Guidelines on Federal Advisory Committee Management; and samples of the forms used to collect the information upon which this report is based.

No information provided by Federal agencies has been excluded from this report for reasons of national security. Further information concerning Federal advisory committees may be obtained by contacting the Committee management Officer in the appropriate Department or agency, or from the Committee Management Secretariat of the General Services Administration, Washington, DC 20405 (telephone: 202-273-3564). MEMORANDUM FOR HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

FROM: Leon E. Panetta
Director

SUBJECT: Management of Federal Advisory Committees

On May 5, 1994, the President released his first Annual Report on Federal Advisory Committees. The report contained the results of the Administration's government-wide initiative to reduce the number of unneeded committees, not required by statute, by one-third. With your support and assistance, we exceeded the President's goal by six percent with a net reduction of 284 unnecessary advisory committees.

It is incumbent upon each of us to sustain this success. We must continue to manage and control agency advisory committees, weeding out those no longer needed, and carefully limiting the growth of new committees. As part of this effort, agencies should eliminate or merge those committees agreed to as part of the OMB Bulletin 93-10 planning process. The General Services Administration (GSA) will be issuing a list of additional agency advisory committees that should be targeted for study and possible termination. I would appreciate your attention to the committees on this list and request your action on these and any other opportunities to streamline further the number of agency advisory committees.

As you know, Executive Order 12838 requires the Director of the Office of Management and Budget to review and approve all agency proposals to establish new advisory committees. As the approving official, I am committed to ensuring that the reduction targets achieved by the Executive order are maintained. To assist me in this process, I ask that you carefully review any new advisory committee proposal prior to submitting it to OMB. If a proposed new committee will result in your agency exceeding its reduction target, please outline the steps you will take to ensure that your agency remains in compliance with the Executive order goal.

My staff and the GSA's Committee Management Secretariat are ready to assist you to ensure that we comply with the requirements of the Federal Advisory Committee Act and the President's Executive order. Thank you for your cooperation and for ensuring the success of this Presidential initiative.

THE VICE PRESIDENT
WASHINGTON

JUN 28 1994

MEMORANDUM FOR THE HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

FROM: The Vice President *Al Gore*

SUBJECT: Management of Federal Advisory Committees

Attached is a copy of the President's first Annual Report on Federal Advisory Committees. The report highlights efforts begun on February 10, 1993, when the President issued Executive Order 12838, directing agencies to reduce their non-statutory advisory committees by one-third. This initiative has resulted in a net reduction of 284 committees and savings of \$17 million.

The President has asked Congress to show restraint in the creation of new statutory committees. Towards that end, the Administration will not support legislative language that establishes new advisory committees or seeks to exempt groups from the requirements of the Federal Advisory Committee Act. The President and I are asking that you work with the Members of Congress to reduce the number of advisory committees required by statute.

Those agencies that have not met the one-third reduction goal, or for which other issues have been identified as requiring action, should implement these commitments. In order to maintain the committee reduction goal, proposals to establish new advisory committees must include plans to terminate or merge existing committees to ensure agencies remain within their advisory committee ceiling. As recommended by the National Performance Review, each agency should also reduce advisory committee costs by at least five percent.

As we make improvements in committee management that better reflect our priorities, we must assure that individuals appointed to advisory committees represent the diverse talents of the Nation.

I appreciate your attention to helping ensure the success of this Presidential initiative.

THE DIRECTOR

CIRCULAR NO. A-135

TO THE HEADS OF EXECUTIVE DEPARTMENTS AND ESTABLISHMENTS

SUBJECT: Management of Federal Advisory Committees

1. Purpose. This Circular provides guidance and instructions on the management of Federal advisory committees and requires Executive Departments and agencies to establish a committee planning and review process.

2. Background. On February 10, 1993, the President signed Executive Order 12838, "Termination and Limitation of Federal Advisory Committees," which requires each Executive Department and agency to reduce the number of discretionary committees by one-third. New discretionary advisory committees are subject to review and approval by the Director of OMB.

On June 28, 1994, the Vice President issued a memorandum reiterating Administration policy regarding the maintenance of the reduction targets mandated by Executive Order 12838, as well as new guidance relating to Executive Branch action on advisory committees proposed by statute. The Vice President's memorandum also called for additional savings in committee costs over and above those achieved under E.O. 12838, as recommended by the National Performance Review (NPR).

3. Policy. The Administration is committed to maintaining advisory committees as a way of ensuring public and expert involvement and advice in Federal decision-making. At the same time, the number and cost of advisory committees must be carefully managed. Advisory committees should get down to the public's business, complete it and then go out of business.

Agencies should review and eliminate advisory committees that are obsolete, duplicative, low priority or serve a special, rather than national interest. New advisory committees should be established only when essential to the attainment of clearly defined Executive Branch priorities, as defined by E.O. 12838, and when they will not exceed an agency's advisory committee ceiling as established by the Executive order's reduction requirement.

The Administration will generally not support the establishment of new statutory committees or legislative language that exempts advisory committees from coverage under the Federal Advisory Committee Act (FACA). In addition, each agency should make a concerted effort to work with its Congressional oversight

committees to reduce the number of existing committees required by statute.

4. Definitions. For purposes of this Circular, definitions for "advisory committee," "agency," and other terms are the same as defined in GSA's implementation regulations for the Federal Advisory Committee Act (41 CFR Part 101-6). In addition:

A "non-discretionary advisory committee" is an advisory committee either mandated by Presidential directive or by statute and is subject to the Federal Advisory Committee Act. A "non-discretionary advisory committee" mandated by statute is: (1) specifically identified by name, specific purpose or function in statute, and (2) a committee whose creation or termination is beyond an agency's legal discretion. Advisory committees referenced by general (non-specific) authorizing language or committee report language will not be considered "non-discretionary." In addition, where a statute requires an advisory committee as defined above, but allows for one or more committees, only one committee shall be considered to be required by statute.

5. Required Action. Each Executive Department and agency shall report to OMB annually on the results of its efforts to maintain discretionary committee levels required by E.O. 12838, and other actions to reduce its inventory of non-discretionary statutory committees. This submission will be used by the Director of OMB as the basis for approving requests to establish new committees.

(1) Agency advisory committee management plans will be submitted to OMB and GSA each year and include:

(a) performance measures used to evaluate each committee's progress in achieving its stated goals or mission;

(b) plans for the establishment of any new advisory committees during the coming fiscal year;

(c) a summary of actions taken to ensure the advisory committee reduction goal is maintained; and

(d) the results of a review of non-discretionary advisory committees and plans to continue, terminate or merge these groups through legislation. This will include a list of those committees established by specific statutory authority during the current fiscal year regardless of their coverage under the Federal Advisory Committee Act.

(2) With regard to non-discretionary advisory committees mandated by statute, the agency will notify GSA of plans to establish such committees prior to filing the charter required by section 9(c) of the Federal Advisory Committee Act. Such notification will provide GSA with at least 10 working days to review the proposed committee charter and advise the agency of its recommendations.

6. OMB Responsibilities. The Office of Management and Budget shall:

(a) review and approve agency advisory committee management plans pursuant to Section 5 and in accordance with the Executive order;

(b) set advisory committee ceilings for each agency within the government-wide advisory committee reduction goal established by the Executive order;

(c) work with agencies to control the establishment of statutory advisory committees and develop legislation to terminate those non-discretionary committees which are no longer necessary;

(d) ensure that relevant legislation is reviewed consistent with OMB Circular A-19; and

(e) ensure agencies meet the cost reduction target recommended by the Vice President's National Performance Review.

7. GSA Responsibilities. The General Services Administration shall (in addition to its responsibilities under the FACA and as an agency under Section 5 above):

(a) prepare required justifications and recommendations specified in Section 5 for each advisory committee subject to the FACA and not sponsored by another department or agency;

(b) assist OMB in its management and oversight of advisory committees, including tracking agency compliance with the reduction goals specified by E.O. 12838;

(c) develop guidance, specific reporting formats and instructions to implement Section 5 of this Circular. To the extent practicable, new reporting requirements will be limited to information not readily available through existing sources of data;

(d) provide recommendations to OMB and each agency regarding the continuance or management of advisory committees as required by Section 7(b) of FACA, which mandates an annual comprehensive review of all advisory committees; and

(e) implement section 5(2) of this Circular.

8. Information Contact. Questions about this Circular should be addressed to the Federal Services Branch (202) 395-5090. Questions concerning the role of GSA should be directed to the Committee Management Secretariat (202) 273-3556.

9. Termination Review Date. This Circular will be subject to review two years after issuance.

10. Effective Date. This Circular is effective upon issuance.

October 6, 1972

An Act

86 STAT. 770

To authorize the establishment of a system governing the creation and operation of advisory committees in the executive branch of the Federal Government, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Advisory Committee Act".

Federal Advisory Committee Act.

FINDINGS AND PURPOSES

Sec. 2. (a) The Congress finds that there are numerous committees, boards, commissions, councils, and similar groups which have been established to advise officers and agencies in the executive branch of the Federal Government and that they are frequently a useful and beneficial means of furnishing expert advice, ideas, and diverse opinions to the Federal Government.

(b) The Congress further finds and declares that—

- (1) the need for many existing advisory committees has not been adequately reviewed;
- (2) new advisory committees should be established only when they are determined to be essential and their number should be kept to the minimum necessary;
- (3) advisory committees should be terminated when they are no longer carrying out the purposes for which they were established;
- (4) standards and uniform procedures should govern the establishment, operation, administration, and duration of advisory committees;
- (5) the Congress and the public should be kept informed with respect to the number, purpose, membership, activities, and cost of advisory committees; and
- (6) the function of advisory committees should be advisory only, and that all matters under their consideration should be determined, in accordance with law, by the official, agency, or officer involved.

Sec. 3. For the purpose of this Act—

(1) The term "Director" means the Director of the Office of Management and Budget.

(2) The term "advisory committee" means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof (hereafter in this paragraph referred to as "committee"), which is—

- (A) established by statute or reorganization plan, or
- (B) established or utilized by the President, or
- (C) established or utilized by one or more agencies,

in the interest of obtaining advice or recommendations for the President or one or more agencies or officers of the Federal Government, except that such term excludes (i) the Advisory Commission on Intergovernmental Relations, (ii) the Commission on Government Procurement, and (iii) any committee which is composed wholly of full-time officers or employees of the Federal Government.

(3) The term "agency" has the same meaning as in section 551(1) of title 5, United States Code.

(4) The term "Presidential advisory committee" means an advisory committee which advises the President.

APPLICABILITY

SEC. 4. (a) The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

Restrictions.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

- (1) the Central Intelligence Agency; or
- (2) the Federal Reserve System.

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

Review.

SEC. 5. (a) In the exercise of its legislative review function, each standing committee of the Senate and the House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of legislation necessary to carry out the purpose of this subsection.

Guidelines.

(b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarging the mandate of an existing advisory committee. Any such legislation shall—

- (1) contain a clearly defined purpose for the advisory committee;
- (2) require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;
- (3) contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;
- (4) contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and

- 3 -

Pub. Law 92-463

86 STAT. 772

(5) contain provisions which will assure that the advisory committee will have adequate staff (either supplied by an agency or employed by it), will be provided adequate quarters, and will have funds available to meet its other necessary expenses.

(c) To the extent they are applicable, the guidelines set out in subsection (b) of this section shall be followed by the President, agency heads, or other Federal officials in creating an advisory committee.

RESPONSIBILITIES OF THE PRESIDENT

SEC. 6. (a) The President may delegate responsibility for evaluating and taking action, where appropriate, with respect to all public recommendations made to him by Presidential advisory committees.

(b) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate shall make a report to the Congress stating either his proposals for action or his reasons for inaction, with respect to the recommendations contained in the public report.

Report to Congress.

(c) The President shall, not later than March 31 of each calendar year (after the year in which this Act is enacted), make an annual report to the Congress on the activities, status, and changes in the composition of advisory committees in existence during the preceding calendar year. The report shall contain the name of every advisory committee, the date of and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, a statement of whether it is an ad hoc or continuing body, the dates of its meetings, the names and occupations of its current members, and the total estimated annual cost to the United States to fund, service, supply, and maintain such committee. Such report shall include a list of those advisory committees abolished by the President, and in the case of advisory committees established by statute, a list of those advisory committees which the President recommends be abolished together with his reasons therefor. The President shall exclude from this report any information which, in his judgment, should be withheld for reasons of national security, and he shall include in such report a statement that such information is excluded.

Annual report to Congress.

Exclusion.

RESPONSIBILITIES OF THE DIRECTOR, OFFICE OF MANAGEMENT AND BUDGET

SEC. 7. (a) The Director shall establish and maintain within the Office of Management and Budget a Committee Management Secretariat, which shall be responsible for all matters relating to advisory committees.

Committee Management Secretariat. Establishment.

(b) The Director shall, immediately after the enactment of this Act, institute a comprehensive review of the activities and responsibilities of each advisory committee to determine—

Review.

- (1) whether such committee is carrying out its purpose;
- (2) whether, consistent with the provisions of applicable statutes, the responsibilities assigned to it should be revised;
- (3) whether it should be merged with other advisory committees; or
- (4) whether it should be abolished.

The Director may from time to time request such information as he deems necessary to carry out his functions under this subsection. Upon the completion of the Director's review he shall make recommendations to the President and to either the agency head or the Congress with respect to action he believes should be taken. Thereafter, the Director shall carry out a similar review annually. Agency heads shall cooperate with the Director in making the reviews required by this subsection.

Recommendations to President and Congress.

Agency cooperation.

86 STAT. 773

Performance guidelines.

(c) The Director shall prescribe administrative guidelines and management controls applicable to advisory committees, and, to the maximum extent feasible, provide advice, assistance, and guidance to advisory committees to improve their performance. In carrying out his functions under this subsection, the Director shall consider the recommendations of each agency head with respect to means of improving the performance of advisory committees whose duties are related to such agency.

Uniform pay guidelines.

(d) (1) The Director, after study and consultation with the Civil Service Commission, shall establish guidelines with respect to uniform fair rates of pay for comparable services of members, staffs, and consultants of advisory committees in a manner which gives appropriate recognition to the responsibilities and qualifications required and other relevant factors. Such regulations shall provide that—

(A) no member of any advisory committee or of the staff of any advisory committee shall receive compensation at a rate in excess of the rate specified for GS-18 of the General Schedule under section 5332 of title 5, United States Code; and

Travel expenses.

(B) such members, while engaged in the performance of their duties away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons employed intermittently in the Government service.

80 Stat. 499;
83 Stat. 190.

(2) Nothing in this subsection shall prevent—

(A) an individual who (without regard to his service with an advisory committee) is a full-time employee of the United States, or

(B) an individual who immediately before his service with an advisory committee was such an employee, from receiving compensation at the rate at which he otherwise would be compensated (or was compensated) as a full-time employee of the United States.

Expense recommendations.

**GENERAL SERVICES
ADMINISTRATION****41 CFR Part 101-6****[FPMR Amendment A-40]****Federal Advisory Committee
Management****AGENCY:** Office of Administration, GSA.**ACTION:** Final rule.

SUMMARY: This final rule provides administrative and interpretive guidelines and management controls for Federal agencies concerning the implementation of the Federal Advisory Committee Act, as amended (5 U.S.C., App.) (hereinafter "the Act"). In a previous issue of the *Federal Register*, GSA published an interim final rule on the management of Federal advisory committees and requested comments (48 FR 19324; April 28, 1983). Additional comments were requested through an advance notice of proposed rulemaking published in the *Federal Register* on February 13, 1987 (52 FR 4631). A new proposed rule, removing suggested limitations on the size of Federal advisory committees, eliminating requirements for the provision of updated committee membership data on a quarterly basis and restrictions on the compensation of committee members, and reflecting other actions to streamline compliance with the Act, was published in the *Federal Register* on May 19, 1987 (52 FR 18774), with a 90-day comment period ending on August 17. All comments received were considered in formulating this final rule which is intended to improve the management and use of Federal advisory committees in the Executive Branch of the Federal Government.

EFFECTIVE DATE: January 4, 1988.**ADDRESSES:** General Services Administration, Committee Management Secretariat (CTM), Washington, DC 20405.

Copies of all comments received are available for public inspection in Room 7030 of the General Services Building, 18th and F Streets NW., Washington, DC.

SUPPLEMENTARY INFORMATION:**Background**

GSA's authority for administering the Act is contained in section 7 of the Act

and Executive Order 12024 (42 FR 61445, 3 CFR, 1977 Comp., p. 158). Under Executive Order 12024, the President delegated to the Administrator of General Services all of the functions vested in the President by the Act, as amended, except that the Annual Report to the Congress required by Section 6(c) shall be prepared by the Administrator for the President's consideration and transmittal to the Congress.

Discussion of Comments

As stated above, GSA issued a proposed rule on the management of Federal advisory committees in the *Federal Register* and invited comments. Nineteen commenters responded. Seven commenters had no substantive recommendations and were fully supportive of the proposed rule. Twelve others offered suggestions for improving numerous sections and the disposition of these recommendations is addressed as follows:

Clarify the Distinction Between Operational as Opposed to Advisory Committees

Two commenters suggested that further guidance in the final rule was necessary to assist agencies in interpreting what constitutes primarily an operational committee as opposed to one which performs only advisory functions, in order to determine coverage under the Act. Accordingly, GSA has added language to § 101-6.1004(g) in the final rule which more fully describes what, in general, constitutes operational functions.

While the legislative history of the Act contains the concept for the exclusion of operational committees, there is no precise legal definition of operational committee in either the Act or its legislative history. GSA believes that operational functions to be performed by an advisory committee must be so authorized by law, since the making or implementation of Government decisions is normally reserved to Federal officials as opposed to advisory committees. Additionally, sections 2(b)(6) and 9(b) of the Act provide that, unless specifically provided by statute or Presidential directive, advisory committees may not make determinations or express policy in matters under their consideration. Given the additional language in this final rule, GSA believes that it will be easier for agencies to identify committees which perform primarily operational functions.

Provide for Coverage Under the Act When Certain Groups Provide Consensus or Recurrent Advice

One commenter stated that the language in § 101-6.1004 (i) and (j) of the proposed rule was too tentative to specifically provide that acceptance of consensus advice or advice on a recurring basis from certain groups were determinants for coverage under the Act. GSA has accepted these suggestions and has strengthened the wording of these sections in the final rule.

Agencies are, in effect, cautioned that the Act would apply when an agency accepts the deliberations of a group as a source of *consensus* advice, when heretofore the agency had been obtaining the advice of attendees on an *individual* basis only. Also, when an agency *recurrently* uses a group at the group's request, as a source of advice on a preferential basis, exclusion of coverage under the Act may become questionable even if the group continues only to express its own views without further solicitations from Federal officials.

Strengthen the Provision for Excluding Coverage of So-Called Fact-Finding Subgroups

Several commenters were of the opinion that so-called fact-finding subgroups should continue to be excluded from coverage under the Act. However, it was their general consensus that § 101-6.1004(k) of the proposed rule was less than clear in including both the members of an advisory committee and any of its subcommittee members in this exclusion. One commenter felt strongly that this exclusion should apply to all members of an advisory committee and its subcommittees, whether or not the subcommittee members are members of the parent committee. GSA agrees with this recommendation since it parallels the language and intent expressed in § 101-6.1007(b) (3) and (4) which clarify certain requirements applicable to subcommittees. GSA has reworded the definition of "Advisory Committee" in § 101.6.1003 of the final rule to follow more precisely the language in section 3(2) of the Act, and has been more consistent in the use of the term "subcommittee" in § 101-6.1004(k) and § 101-6.1007(b)(3) of the final rule.

Another commenter felt that the language in § 101-6.1004(k) was not strong enough to preclude fact-finding subgroups from preparing what ultimately becomes the advice and recommendations of the chartered advisory committee, as opposed to

simply gathering information and analyzing facts for the committee. GSA has modified the language in this provision to clarify that the results of such fact-finding activities are to be subject to the deliberation of a chartered advisory committee, or a subcommittee when subsequently conducting a meeting under the Act.

Provide Additional Guidance on the Requirements Applicable to Subcommittees

One commenter requested that the final rule provide additional guidance on the applicability of various requirements of the Act to subcommittees. Since the definition of "advisory committee" in section 3(2) of the Act specifically includes "••• any subcommittee or other subgroup thereof •••", GSA believes all requirements of advisory committees in the Act also apply to subcommittees. Furthermore, the Act itself contains no provisions for subcommittees which differ from those applicable to a full or parent committee. Absent more specific language in the Act, additional guidance by GSA which might serve to differentiate any requirements of subcommittees from those of advisory committees would be inconsistent with the Act.

Exclude From Coverage Under the Act Groups Convened by Agencies on an Ad Hoc Basis

One commenter recommended that the final rule contain an exclusion from coverage under the Act for so-called *ad hoc* groups lacking formal organization, structure, or continuing existence; convened by an agency to obtain views on particular matters of immediate concern. GSA is of the opinion that such an exclusion is not appropriate since the Act itself neither defines nor specifically excludes such groups. In fact, section 6(c) of the Act, providing for the President's annual report to the Congress, requires a statement for each advisory committee, "••• of whether it is an *ad hoc* or continuing body •••". Accordingly, GSA has not accepted the recommendation to exclude *ad hoc* groups since GSA believes that the language of section 6(c) of the Act evidences the intent of the Congress that a group is not to be excluded from coverage merely because it is convened on an *ad hoc*, or temporary basis.

Provide That Agencies May Exercise Policy Decisions in Issuing Exclusions for One-Time Meetings

In a comment directed toward GSA's position stated in the discussion of prior comments in the proposed rule (see 52 FR 18774, SUPPLEMENTARY

INFORMATION:), a commenter suggested that the final rule should not preclude agencies from issuing an exclusion for one-time meetings. This commenter felt that GSA's opinion, that such an exclusion in the rule was not appropriate in view of the limited litigation history, should not bar agencies from issuing such exclusions. In fact, it was the opinion of this commenter that the absence of litigation history was not sufficient reason to limit management discretion.

GSA continues to believe that a one-time meeting exclusion in the final rule would be inconsistent with the Act, and does not intend to provide either a direct exclusion in § 101-6.1004 or provide that such a decision may be left to an agency, thereby implying GSA's support for such exclusions. Accordingly, GSA reiterates its opinion that in the absence of any judicial precedent to the contrary, meetings or groups which take place or meet only once should not be excluded from the Act's coverage solely on this basis.

Eliminate the Agency Requirement to Assess Duplication of Advisory Committees on a Governmentwide Basis

Two commenters pointed out the impracticability of requiring an agency to assess duplication of effort of already existing committees on a Governmentwide basis as opposed to an individual agency basis. Both commenters further asserted that this Governmentwide role could be performed by GSA during its own review process subsequent to the receipt of the agency's proposal in accordance with § 101-6.1007(b) of the rule.

Since GSA is responsible for reviewing and maintaining data on all advisory committees in every agency pursuant to several provisions of the Act, GSA agrees that it can effectively perform this function. GSA can also provide agencies, on request, information on other agency committees relative to potential duplication of effort issues.

GSA has rewritten the language in § 101-6.1007 (a) and (b)(2)(ii) of the final rule to reflect this concept by providing that an agency only consider the functions of a proposed committee for duplication of existing committees in the same agency.

Include the Agency's Plan for Balanced Membership in Federal Register Notices and Charters

One commenter suggested that an agency's plan to attain balanced membership for a proposed advisory committee, to be submitted in conjunction with the review required by

§ 101-6.1007(b) of the proposed rule, should be included in both the Federal Register notice of establishment and in the filed charter.

GSA has not adopted this suggestion for two reasons. First, the agency letter proposing the establishment of an advisory committee under general agency authority already contains this information, as specified by § 101-6.1007(b)(2)(iii) of the rule, and this letter would be a public record following the establishment of the advisory committee. Second, inclusion of this information in the Federal Register notice of establishment and the filed charter is not specifically required under sections 9 (a)(2) and (c) of the Act. For purposes of this comment, GSA has not altered § 101-6.1007(b)(1) or § 101-6.1015(a)(1) of the final rule.

Provide Additional Guidance on Balanced Representation and Selection of Members

One commenter was concerned that the proposed rule did not contain sufficient guidance on balanced representation and the selection of members, and suggested that the final rule provide additional instructions for agencies to follow in these areas. GSA recognizes that the guidelines in the proposed rule are limited to the language of the Act. However, GSA believes that the provisions of section 5(c) of the Act are broad enough to allow agency discretion in determining advisory committee representation and membership relative to applicable statutes, Executive Orders, and the needs of the agency responsible for the committee. Accordingly, GSA will retain the proposed guidelines in the final rule based on the language of the Act.

Provide Revised Recordkeeping Requirements

Two commenters, directly or indirectly, expressed concern over the recordkeeping requirements contained in the proposed rule. One commenter observed that it was not possible for the Committee Management Officer (CMO) to ensure compliance with sections 10(b), 12(a) and 13 of the Act, as required by § 101-6.1017. Section 10(b) of the Act requires that the records of an advisory committee *shall be* available at a single location at the advisory committee or the agency to which it reports during the committee's existence. This commenter suggested that GSA relax the requirement of § 101-6.1017.

Another commenter, taking a different view, complained of the haphazard approach by agencies to the public

availability and retention of advisory committee records. This commenter recommended that the regulations be strengthened in these aspects.

For the following reasons, GSA has determined not to adopt the specific suggestions of either commenter. First, section 8(b)(2) of the Act provides that the CMO shall "assemble and maintain the reports, records, and other papers of any such committee during its existence." When sections 8(b)(2) and 10(b) are read together, it is clear that the records of an advisory committee are to be available at a single location and it is the CMO who is responsible for ensuring that this is accomplished. GSA has therefore decided against relaxing the requirements of § 101-6.1017 in the final rule.

The commenter who expressed concern over the haphazard approach to recordkeeping suggested that the final rule should: (1) Require agencies to keep committee records available for a certain period of time after a committee has terminated, and (2) address the perceived unavailability of the deliberative process privilege under the fifth exemption of the Freedom of Information Act (FOIA) to advisory committee records. For the following reasons, GSA has not adopted these comments.

First, pursuant to the National Archives and Records Administration Act of 1984, as amended, Pub. L. 98-497, the Archivist of the United States is responsible for records management in the Federal Government, including the issuance of regulations and guidance for records retention and disposition, as well as the process for identifying records appropriate for transfer to the permanent Archives of the United States. Since the Federal Advisory Committee Act is silent on records disposition for advisory committees, we see no reason or basis for GSA to alter normal Governmentwide procedures in this area which are the responsibility of the Archivist of the United States. Second, the commenter suggested that the Government's settlement of the law suit involving records of the Attorney General's Commission on Pornography was a concession that the deliberative process privilege under the fifth exemption of FOIA does not apply to advisory committees. Since cases may be settled for a variety of reasons which do not involve a decision on the merits, GSA does not believe that the mere settlement of a matter in litigation is dispositive of the legal issues raised in the litigation. Accordingly, GSA has determined not to adopt this suggestion.

Provide Guidance to Agencies Concerning the Applicability of the Anti-Lobbying Statute and Hatch Act to Advisory Committee Members

With respect to § 101-6.1033 of the proposed rule, one commenter stated that unless provided by statute, agencies should not compensate advisory committee members if they provide policy advice on proposals for legislation because this compensation would violate the anti-lobbying statute. (See 18 U.S.C. 1913). The same commenter also stated that GSA should direct agencies to ensure that any members of an advisory committee who are subject to the Hatch Act (5 U.S.C. 7321-7328) are aware of their obligations under that law.

For the following reasons, GSA has adopted neither suggestion. First, GSA does not believe that the traditional activities of an advisory committee fall within the scope of the activities which 18 U.S.C. 1913 was designed to protect against. Second, the Federal Advisory Committee Act itself does not reference the Hatch Act, and there is already a body of regulations on political activities by Federal employees which has been issued by the Office of Personnel Management, 5 CFR Part 733. Also, the Special Counsel of the Merit Systems Protection Board, who has responsibilities for investigation and administrative prosecution of alleged Hatch Act violations, issues advisory opinions on Hatch Act questions. GSA sees no need to issue regulations in this area when there are already regulations in place and an administrative mechanism available through agencies with greater responsibilities in this area than GSA.

Clarify the Procedures for Transmitting Follow-up Reports on Presidential Advisory Committee Recommendations

One commenter requested clarification in § 101-6.1035(a) of the proposed rule on the procedures required for transmittal of follow-up reports to the Congress on the disposition of Presidential advisory committee recommendations, as required by section 6(b) of the Act. GSA has decided to retain the proposed language in the final rule without further modification at this time. GSA agrees that there has been some confusion as to whether the agency responsible for supporting the Presidential advisory committee, or GSA, should transmit the report. GSA intends to propose further guidance in a future revision to this final rule following more consultation with the affected agencies.

Additional Instructions

Pursuant to section 7(d) of the Act, the guidelines contained in this final rule

with respect to uniform fair rates of pay for comparable services for members, staffs and consultants of advisory committees have been established after consultation by the Administrator with the Director, Office of Personnel Management.

Executive Order 12291

GSA has determined that this final rule is not a major rule for purposes of Executive Order 12291 of February 17, 1981, because it will not result in an annual effect on the economy of \$100 million or more, will not cause a major increase in costs to consumers or others, and will not have significant adverse effects. GSA has based all administrative decisions on this final rule on adequate information concerning the need for and consequences of this final rule. GSA has also determined that the potential benefits to society from this final rule far outweigh the potential costs, has maximized the net benefits, and has chosen the alternative involving the least net cost to society.

These regulations are not subject to the regulatory flexibility analysis or other requirements of 5 U.S.C. 603 and 604.

§ 101-6.1001 Scope.

(a) This subpart defines the policies, establish minimum requirements, and provide guidance to agency management for the establishment, operation, administration, and duration of advisory committees subject to the Federal Advisory Committee Act, as amended. Reporting requirements which keep the Congress and the public informed of the number, purpose, membership, activities, and cost of these advisory committees are also included.

(b) The Act and this subpart do not apply to advisory meetings or groups listed in § 101-6.1004.

§ 101-6.1002 Policy.

The policy to be followed by Federal departments, agencies, and commissions, consistent with the Federal Advisory Committee Act, as amended, is as follows:

(a) An advisory committee shall be established only when it is essential to the conduct of agency business. Decision criteria include whether committee deliberations will result in

the creation or elimination of, or change in regulations, guidelines, or rules affecting agency business; whether the information to be obtained is already available through another advisory committee or source within the Federal Government; whether the committee will make recommendations resulting in significant improvements in service or reductions in cost; or whether the committee's recommendations will provide an important additional perspective or viewpoint impacting agency operations;

(b) An advisory committee shall be terminated whenever the stated objectives of the committee have been accomplished; the subject matter or work of the committee has become obsolete by the passing of time or the assumption of the committee's main functions by another entity within the Federal Government; or the agency determines that the cost of operation is excessive in relation to the benefits accruing to the Federal Government;

(c) An advisory committee shall be balanced in its membership in terms of the points of view represented and the functions to be performed; and

(d) An advisory committee shall be open to the public in its meetings except in those circumstances where a closed meeting shall be determined proper and consistent with the provisions in the Government in the Sunshine Act, 5 U.S.C. 552(b).

§ 101-6.1003 Definitions.

"Act" means the Federal Advisory Committee Act, as amended, 5 U.S.C., App.

"Administrator" means the Administrator of General Services.

"Advisory committee" subject to the Act means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof, which is established by statute, or established or utilized by the President or any agency official for the purpose of obtaining advice or recommendations on issues or policies which are within the scope of his or her responsibilities.

"Agency" has the same meaning as in section 551(1) of Title 5 of the United States Code.

"Committee Management Secretariat" ("Secretariat"), established pursuant to the Act is responsible for all matters relating to advisory committees, and carries out the Administrator's responsibilities under the Act and Executive Order 12024.

"Committee member" means an individual who serves by appointment on an advisory committee and has the

full right and obligation to participate in the activities of the committee, including voting on committee recommendations.

"Presidential advisory committee" means any advisory committee which advises the President. It may be established by the President or by the Congress, or used by the President in the interest of obtaining advice or recommendations for the President. "Independent Presidential advisory committee" means any Presidential advisory committee not assigned by the President, or the President's delegate, or by the Congress in law, to an agency for administrative and other support and for which the Administrator of General Services may provide administrative and other support on a reimbursable basis.

"Staff member" means any individual who serves in a support capacity to an advisory committee.

"Utilized" (or "used"), as referenced in the definition of "Advisory committee" in this section, means a committee or other group composed in whole or in part of other than full-time officers or employees of the Federal Government with an established existence outside the agency seeking its advice which the President or agency official(s) adopts, such as through institutional arrangements, as a preferred source from which to obtain advice or recommendations on a specific issue or policy within the scope of his or her responsibilities in the same manner as that individual would obtain advice or recommendations from an established advisory committee.

§ 101-6.1004 Examples of advisory meetings or groups not covered by the Act or this subpart.

The following are examples of advisory meetings or groups not covered by the Act or this subpart:

(a) Any committee composed wholly of full-time officers or employees of the Federal Government;

(b) Any advisory committee specifically exempted by an Act of Congress;

(c) Any advisory committee established or utilized by the Central Intelligence Agency;

(d) Any advisory committee established or utilized by the Federal Reserve System;

(e) The Advisory Committee on Intergovernmental Relations;

(f) Any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or

make recommendations to State or local officials or agencies;

(g) Any committee which is established to perform primarily operational as opposed to advisory functions. Operational functions are those specifically provided by law, such as making or implementing Government decisions or policy. An operational committee may be covered by the Act if it becomes primarily advisory in nature. It is the responsibility of the administering agency to determine whether such a committee is primarily operational. If so, it would not fall under the requirements of the Act and this Subpart, but would continue to be regulated under relevant laws, subject to the direction of the President and the review of the appropriate legislative committees;

(h) Any meeting initiated by the President or one or more Federal official(s) for the purpose of obtaining advice or recommendations from one individual;

(i) Any meeting initiated by a Federal official(s) with more than one individual for the purpose of obtaining the advice of individual attendees and not for the purpose of utilizing the group to obtain consensus advice or recommendations. However, agencies should be aware that such a group would be covered by the Act when an agency accepts the group's deliberations as a source of consensus advice or recommendations;

(j) Any meeting initiated by a group with the President or one or more Federal official(s) for the purpose of expressing the group's view, provided that the President or Federal official(s) does not use the group recurrently as a preferred source of advice or recommendations;

(k) Meetings of two or more advisory committee or subcommittee members convened solely to gather information or conduct research for a chartered advisory committee, to analyze relevant issues and facts, or to draft proposed position papers for deliberation by the advisory committee or a subcommittee of the advisory committee; or

(l) Any meeting with a group initiated by the President or one or more Federal official(s) for the purpose of exchanging facts or information.

§ 101-6.1005 Authorities for establishment of advisory committees.

An advisory committee may be established in one of four ways:

(a) By law where the Congress specifically directs the President or an agency to establish it;

(b) By law where the Congress authorizes but does not direct the President or an agency to establish it. In

this instance, the responsible agency head shall follow the procedures provided in § 101-6.1007;

(c) By the President by Executive Order; or

(d) By an agency under general agency authority in Title 5 of the United States Code or under other general agency-authorizing law. In this instance, an agency head shall follow the procedures provided in § 101-6.1007.

§ 101-6.1006 [Reserved]

§ 101-6.1007 Agency procedures for establishing advisory committees.

(a) When an agency head decides that it is necessary to establish a committee, the agency must consider the functions of similar committees in the same agency before submitting a consultation to GSA to ensure that no duplication of effort will occur.

(b) In establishing or utilizing an advisory committee, the head of an agency or designee shall comply with the Act and this subpart, and shall:

(1) Prepare a proposed charter for the committee which includes the information listed in section 9(c) of the Act; and

(2) Submit a letter and the proposed charter to the Secretariat proposing to establish or use, reestablish, or renew an advisory committee. The letter shall include the following information:

(i) An explanation of why the committee is essential to the conduct of agency business and in the public interest;

(ii) An explanation of why the committee's functions cannot be performed by the agency, another existing advisory committee of the agency, or other means such as a public hearing; and

(iii) A description of the agency's plan to attain balanced membership. For purposes of attaining balance, agencies shall consider for membership interested persons and groups with professional or personal qualifications or experience to contribute to the functions and tasks to be performed. This should be construed neither to limit the participation, nor compel the selection of any particular individual or group to obtain divergent points of view that are relevant to the business of the advisory committee.

(3) Subcommittees that do not function independently of the full or parent advisory committee need not follow the requirements of paragraphs (b)(1) and (b)(2) of this section. However, they are subject to all other requirements of the Act.

(4) The requirements of paragraphs (b)(1) and (b)(2) of this section shall apply for any subcommittee of a chartered advisory committee, whether its members are drawn in whole or in part from the full or parent advisory committee, which functions independently of the parent advisory committee such as by making recommendations directly to the agency rather than for consideration by the chartered advisory committee.

(c) The Secretariat will review the proposal and notify the agency of GSA's views within 15 calendar days of receipt, if possible. The agency head retains final authority for establishing a particular advisory committee.

(d) The agency shall notify the Secretariat in writing that either:

(1) The advisory committee is being established. The filing of the advisory committee charter as specified in § 101-6.1013 shall be considered appropriate written notification in this instance. The date of filing constitutes the date of establishment or renewal. The agency head shall then comply with the provisions of § 101-6.1009 for an established advisory committee; or

(2) The advisory committee is not being established. In this instance, the agency shall also advise the Secretariat if the agency head intends to take any further action with respect to the proposed advisory committee.

§ 101-6.1008 The role of GSA.

(a) The functions under section 7 of the Act will be performed for the Administrator by the Secretariat. The Secretariat assists the Administrator in prescribing administrative guidelines and management controls for advisory committees, and assists other agencies in implementing and interpreting these guidelines. In exercising internal controls over the management and supervision of the operations and procedures vested in each agency by section 8(b) of the Act and by § 101-6.1009 and § 101-6.1017 of this rule, agencies shall conform to the guidelines prescribed by GSA.

(b) The Secretariat may request comments from agencies on management guidelines and policy issues of broad interagency interest or application to the Federal advisory committee program.

(c) In advance of issuing informal guidelines, nonstatutory reporting requirements, and administrative procedures such as report formats or automation, the Secretariat shall request formal or informal comments from agency Committee Management Officers.

(a) Advisory committees specifically directed by law:

- (1) Whose duration extends beyond 2 years shall require rechartering by the filing of a new charter every 2 years after the date of enactment of the law establishing the committee. If a new charter is not filed, the committee is not

terminated, but may not meet or take any action.

(2) Which would terminate under the provisions of section 14 of the Act, and for which renewal would require reauthorization by law, may be reestablished by an agency provided that the agency complies under general agency authority with the provisions of § 101-6.1007.

(b) Advisory committees established by the President may be renewed by appropriate action of the President and the filing of a new charter.

(c) Advisory committees authorized by law or established or used by an agency may be renewed, provided that at least 30 but not more than 60 days before the committee terminates, an agency head who intends to renew a committee complies with the provisions of § 101-6.1007.

§ 101-6.1030 [Reserved]

§ 101-6.1031 Amendments to advisory committee charters.

(a) *Committees specifically directed by law or authorized by law; or established by the President.* The agency head shall be responsible for ensuring that any minor technical changes made to current charters are consistent with the relevant statute or Executive Order. When the Congress by law, or the President by Executive Order, changes the authorizing language which has been the basis for establishing an advisory committee, the agency head, or the chairperson of an independent Presidential advisory committee, shall:

(1) Amend those sections of the current charter affected by the new law or Executive Order; and

(2) File the amended charter as specified in § 101-6.1013.

(b) *Committees established or used by an agency.* The charter of an advisory committee established under general agency authority may be amended when an agency head determines that the existing charter no longer accurately reflects the objectives or functions of the committee. Changes may be minor, such as revising the name of the advisory committee, or modifying the estimated number or frequency of meetings. Changes may also be major such as those dealing with the objectives or composition of the committee. The agency head retains final authority for amending the charter of an advisory committee. Amending any existing advisory committee charter does not constitute renewal of the committee under § 101-6.1029.

(1) To make a minor amendment to a committee charter, an agency shall:

(i) Amend the charter language as necessary, and

(ii) File the amended charter as specified in § 101-6.1013.

(ii) Submit the proposed amended charter with a letter to the Secretariat requesting GSA's views on the amended language, along with an explanation of the purpose of the changes and why they are necessary. The Secretariat will review the proposed changes and notify the agency of GSA's views within 15 calendar days of the request, if possible; and

(iii) File the amended charter as specified in § 101-6.1013.

§ 101-6.1032 [Reserved]

§ 101-6.1033 Compensation and expense reimbursement of advisory committee members, staffs and consultants.

(a) *Uniform pay guidelines for members of an advisory committee.* Nothing in this subpart shall require an agency head to provide compensation, unless otherwise provided by law, to a member of an advisory committee. However, when compensation is deemed appropriate by an agency, it shall fix the pay of the members of an advisory committee to the daily equivalent of a rate of the General Schedule in 5 U.S.C. 5332 unless the members are appointed as consultants and compensated under 5 U.S.C. 3109. In determining an appropriate rate of pay for the members, an agency shall give consideration to the significance, scope, and technical complexity of the matters with which the advisory committee is concerned and the qualifications required of the members of the advisory committee. An agency may not fix the pay of the members of an advisory committee at a rate higher than the daily equivalent of the maximum rate for a GS-15 under the General Schedule, unless a higher rate is mandated by statute, or the head of the agency has personally determined that a higher rate of pay under the General Schedule is justified and necessary. Such a determination must be reviewed by the head of the agency annually. Under this subpart, an agency may not fix the pay of the members of an advisory committee at a rate of pay higher than the daily equivalent of a rate for a GS-18, as provided in 5 U.S.C. 5332.

(b) *Pay for staff members of an advisory committee.* An agency may fix the pay of each advisory committee staff member at a rate of the General Schedule in which the Staff member's

position would appropriately be placed (5 U.S.C. Chapter 51). An agency may not fix the pay of a staff member at a rate higher than the daily equivalent of the maximum rate for GS-15, unless the agency head has determined that under the General Schedule the staff member's position would appropriately be placed at a grade higher than GS-15. This determination must be reviewed annually by the agency head.

(1) In establishing rates of compensation, the agency head shall comply with any applicable statutes, regulations, Executive Orders, and administrative guidelines.

(2) A staff member who is a Federal employee shall serve with the knowledge of the Designated Federal Officer and the approval of the employee's direct supervisor. If a non-Federal employee, the staff member shall be appointed in accordance with applicable agency procedures, following consultation with the advisory committee.

(c) *Pay for consultants to an advisory committee.* An agency shall fix the pay of a consultant to an advisory committee after giving consideration to the qualifications required of the consultant and the significance, scope, and technical complexity of the work. The compensation may not exceed the maximum rate of pay authorized by 5 U.S.C. 3109, and shall be in accordance with any applicable statutes, regulations, Executive Orders and administrative guidelines.

(d) *Gratuitous services.* In the absence of any special limitations applicable to a specific agency, nothing in this subpart shall prevent an agency from accepting the gratuitous services of an advisory committee member, staff member, or consultant who agrees in advance to serve without compensation.

(e) *Travel expenses.* Advisory committee members and staff members, while engaged in the performance of their duties away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of Title 5, United States Code, for persons employed intermittently in the Government service.

(f) *Services for handicapped members.* While performing advisory committee duties, an advisory committee member who is blind or deaf or who qualifies as a handicapped individual may be provided services by a personal assistant for handicapped employees if the member:

(1) Qualifies as a handicapped individual as defined by section 501 of

the Rehabilitation Act of 1973 (29 U.S.C. 794); and

(2) Does not otherwise qualify for assistance under 5 U.S.C. 3102 by reason of being an employee of an agency.

(g) *Exclusions.* (1) Nothing in this section shall prevent any person who (without regard to his or her service with an advisory committee) is a full-time Federal employee from receiving compensation at a rate which he or she otherwise would be compensated as a full-time Federal employee.

(2) Nothing in this section shall prevent any person who immediately before his or her service with an advisory committee was a full-time Federal employee from receiving compensation at the rate at which he or she was compensated as a full-time Federal employee.

(3) Nothing in this section shall affect a rate of pay or a limitation on a rate of pay that is specifically established by law or a rate of pay established under the General Schedule classification and

pay system in chapter 51 and chapter 53 of Title 5, United States Code.

§ 101-6.1034 [Reserved]

§ 101-6.1035 Reports required for advisory committees.

(a) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate will prepare a follow-up report to the Congress detailing the disposition of the committee's recommendations in accordance with section 6(b) of the Act;

(b) The President's annual report to the Congress shall be prepared by GSA based on reports filed on a fiscal year basis by each agency consistent with the information specified in section 6(c) of the Act. Reports from agencies shall be consistent with instructions provided annually by the Secretariat. This report has been cleared in accordance with FIRMR 201-45.6 in 41 CFR Chapter 201 and assigned interagency report control number 0304-GSA-XX.

(c) In accordance with section 10(d) of the Act, advisory committees holding closed meetings shall issue reports at least annually, setting forth a summary of activities consistent with the policy of Section 552(b) of Title 5, United States Code.

(d) Subject to section 552 of Title 5, United States Code, eight copies of each report made by an advisory committee, including any report on closed meetings as specified in paragraph (c) of this section, and, where appropriate, background papers prepared by consultants, shall be filed with the Library of Congress as required by section 13 of the Act, for public inspection and use at the location specified in paragraph (a)(2) of § 101-6.1013.

Federal Advisory Committee Management

AGENCY: Office of Administration, GSA.

ACTION: Final rule.

SUMMARY: This final rule provides additional administrative and interpretive guidelines and management controls for Federal agencies concerning the implementation of the Federal Advisory Committee Act, as amended (5 U.S.C., App.) (hereinafter "the Act"). In a previous issue of the *Federal Register*, GSA published an initial final rule on the management of Federal advisory committees (52 FR 45926, December 2, 1987). This new final rule revises the current rule to improve further the management and use of Federal advisory committees in the Executive Branch of the Federal Government. These revisions: (1) Clarify the guidelines applicable to achieving committee memberships which are balanced in a way that is fair and consistent with section 5(b) of the Act; (2) add new language which cross-references regulations relating to Federal conflict-of-interest statutes and standards of conduct within the final rule; (3) clarify the procedures for transmitting follow-up reports to the Congress as required by section 6(b) of the Act on Presidential advisory committee recommendations; and (4) provide that annual agency fiscal year reports to GSA shall also include information requested to carry out the annual comprehensive review required by section 7(b) of the Act. Corrections of minor, nonsubstantive errors in the text of the original final rule have also been made.

EFFECTIVE DATE: October 5, 1989.

ADDRESSES: General Services Administration, Committee Management Secretariat (CTM), Washington, DC 20405.

Copies of the two comments received are available for public inspection in Room 8206 of the General Services Building, 18th and F Streets, NW., Washington, DC.

SUPPLEMENTARY INFORMATION:

Background

GSA's authority for administering the Act is contained in section 7 of the Act and Executive Order 12024 (42 FR 61445, 3 CFR, 1977 Comp., p. 158). Under Executive Order 12024, the President delegated to the Administrator of General Services all of the functions vested in the President by the Act, as amended, except that the Annual Report to the Congress required by section 6(c) shall be prepared by the Administrator for the President's consideration and transmittal to the Congress.

Discussion of Comments

GSA published a notice of proposed rulemaking in the *Federal Register* on the management of Federal advisory committees, with a 60-day comment period ending on February 28, 1989 (53 FR 53022, December 30, 1988). No Federal agency submitted substantive recommendations. Two non-Federal commenters responded in writing and were highly supportive of the proposed rule, stating, for example, that "The proposed rule provides greater guidance to agencies . . ." and, that "The changes proposed by GSA . . . represent a major improvement over the existing rules." Both commenters offered suggestions for improving two sections of the proposed rule, both of which pertained to provisions relating to balanced membership of advisory committees. These comments discussed three recommendations made in relation to § 101-6.1007(b)(2)(iii) and to § 101-6.1015(a)(1) of the proposed rule. The disposition of these recommendations is addressed as follows:

Require that Agencies Include in Their Balanced Membership Plans a Description of Plans To Attain and Maintain Fairly Balanced Membership

One commenter stated that the final rule should require agencies to describe plans to maintain fairly balanced membership, since . . . "advisory committees undergo changes from the initial composition through routine membership rotations or the resignation and replacement of members." GSA agrees that advisory committees often have changing membership composition.

However, section 14(a)(2)(A) of the Act provides that advisory committees established by agencies shall terminate after two years unless renewed by appropriate action. In § 101-6.1029(c) of the original final rule, GSA requires that an agency head who intends to renew a committee comply with the provisions of § 101-6.1007 of the final rule duplicating procedures for establishment. The

renewing agency must provide a description of its plan to attain fairly balanced membership on a biennial basis and, therefore, must address at the time of renewal any changes to the composition of the committee which may have occurred since its establishment or last renewal. GSA recognizes the merit of this suggestion, but believes that the Act and existing rule already provide for agencies to accommodate the requirement for fairly balanced membership. GSA, therefore, has not adopted this recommendation.

Require that Agencies Consider and Select a Cross-Section of Certain Membership Categories

The other commenter was of the opinion that the language in the proposed rule requiring that an agency consider (only) certain categories of potential members seemed to suggest that . . . "so long as an agency has 'considered' a cross-section of views and interests in the course of putting a committee together, it can ultimately select any composition it wants, including one which is one-sided and imbalanced." GSA does not believe that the guidance provided in the rule necessarily will cause agencies to adopt this perceived course with regard to membership selection, leading to the results suggested by this commenter.

In any case, § 101-6.1015(a)(1) of the new final rule will now require the agency to publish in advance in the *Federal Register* its description of its plan to attain fairly balanced membership, allowing for public comments which could include those offered by any interested party who might disagree that the committee will be fairly balanced. Furthermore, since the eventual selection of members for the composition an advisory committee established under this provision rests with the agency head, GSA does not believe that the final rule can compel an agency to make any particular membership selection. GSA has, therefore, not adopted this recommendation.

Require that an Agency's Federal Register Notice of Establishment Solicit the Proposal of Specific Nominees for Inclusion on a Committee

With regard to the Federal Register notice of establishment required by § 101-6.1015(a)(1) of the final rule, the previous commenter also suggested further that . . . "by requiring agencies to give the public an opportunity to comment on the plan for attaining fairly balanced membership, including by proposing specific nominees for

inclusion on the committee * * * (that) This would be invaluable to the public and would also be of great benefit to agencies, because it would ensure that they would have the most information possible about potential committee members."

For the following reasons, GSA has not adopted this suggestion. First, a notice of establishment normally contains the name and telephone number of the agency official responsible for responding to questions from, or for receiving comments provided by, any interested person. Such comments can include proposals for specific nominees for membership on a committee. Second, notices of establishment frequently are published by an agency prior to the selection of members, and the agency would have the opportunity to consider the commenter's suggestions of potential members. Even if an agency has chosen the members of a committee prior to the publication of the notice, it can make changes to the membership at any time during the life of the committee. Third, GSA is of the opinion that the overall purpose of the Federal Register notice of establishment, which in accordance with § 101-6.1015(a)(2) of the final rule shall appear at least 15 days before the filing of the committee's charter, is to provide the public an opportunity to comment on the necessity or any other aspect of the proposed committee.

Additional Information

The guidelines contained in this final rule with respect to § 101-6.1008(d), wherein GSA may solicit the assistance of the Office of Management and Budget in assuring the completion of follow-up reports required by section 6(b) of the Act, were developed by GSA after consultation with that agency.

Similarly, the guidelines contained in this final rule with respect to § 101-6.1009(j), wherein an agency head shall ensure that the interests and affiliations of advisory committee members are reviewed consistent with regulations published by the Office of Government Ethics, were developed by GSA after consultation with that agency.

Executive Order 12291

GSA has determined that this final rule is not a major rule for the purposes of Executive Order 12291 of February 17, 1981, because it will not result in an annual effect on the economy of \$100 million or more, will not cause a major increase in costs to consumers or others, and will not have significant adverse effects. GSA has based all administrative decisions on this final rule on adequate information concerning

the need for and consequences of this final rule. GSA has also determined that the potential benefits to society from this final rule far outweigh the potential costs, has maximized the net benefits, and has chosen the alternative involving the least cost to society.
